

REBEL CAPTIVES HELD BY TROOPS

WHAT DISPOSITION TO BE MADE
IS PROBLEM NOT YET
SOLVED.

NO CHANCE TO EXTRADITE

Prisoners Probably Will Be Tried on
Charges of Violating the Neu-
trality Laws.

Washington, Sept. 17.—The disposi-
tion of Mexican rebels who are desert-
ing and crossing the boundary into
the United States or are being chased
across by federal forces, threatens to
become a perplexing problem. At the
war department it is assumed that
most of the men and certainly the
members of General Orozco's personal
staff and his father, who were captured
yesterday by Captain Mitchell at
Presidio, Texas, will remain in the
custody of General Steever. He can
not keep them indefinitely, however,
and it is expected at the war depart-
ment that they will be turned over
to officers of the department of jus-
tice or release if no charge is lodged
against them under guarantee that they
will not undertake hostile action
against Mexico while in the United
States.

Although it has been suggested that
the Mexican government might seek
to have some of these men delivered
by extradition proceedings, officials
here are quite certain that no such
attempt would succeed.

It is possible that the prisoners may
be tried in the United States, not for
any act committed in Mexico, even the
alleged killing of helpless American
prisoners of war, but on charges of
violating the neutrality laws. It is
believed, however, they will be treated
leniently and that, if through the
speedy collapse of the rebellion, the
issue of an amnesty proclamation is
possible, they will be permitted to
take advantage of its provisions.

MURDER IS CHARGED.

Extradition Proceedings Against Oroz-
co, Jr., Held at El Paso.

El Paso, Tex., Sept. 17.—Charges
of murder are contained in the extradi-
tion proceedings filed here against
Colonel Pascual Orozco, Jr., held by United
States troops at Presidio, Tex. It
is understood a similar charge will be
entered against his son, Gen. Pascual
Orozco, Jr., leader of the Mexican
revolution in the north, if he is cap-
tured on American soil.

United States and Mexican officials
here continue denial of persistent rum-
ors that the younger Orozco is
among the prisoners at Presidio.

In the extradition proceedings
against the elder Orozco, made by
the Mexican consul at El Paso, he is
charged with murder committed in
Juarez, Mexico, last June when it was
reported that the rebels who then held
Juarez had executed several federal
spies.

Colonel Orozco has telegraphed
friends here that he is illegally held
at Presidio since he crossed to the
American side unarmed.

SALAZAR IS PURSUED.

Rebel General May Try to Sell Stolen
Bullion.

Douglas, Ariz., Sept. 17.—Reports
that Salazar's rebels are traveling to-
ward Hachita, N. M., to convert into
cash the bullion stolen at El Tigre
caused strengthening of the border
patrol today. General Salazar or-
dered Colonel Munoz, whose command
of federal forces relieved El Tigre, to
pursue Salazar and word was received
today that he had nearly overtaken
the rebel guard.

Nothing has been heard of Rojas'
band for three days. They were last
heard of at Colonia, Oaxaca, fifteen
miles from Morelos.

Mexican officials learned that Rojas
and Salazar had quarreled because
Salazar refused to join Rojas when
the latter was threatening August
Prieta.

Colonel Obregon, in charge of 200
federals, arrived at Nacarni today in-
creasing the garrison to 500.

Every American ranch and mine in
southern Sonora has been looted by
rebels, according to C. E. Bookley, an
American rancher, arriving here today.

Zapatistas Pillage Town.

Mexico City, Sept. 17.—The village
of Aguacero, on the edge of the federal
district, 18 miles from the capital,
was pillaged by Zapatistas today.
The thirty rurales composing the
garrison were killed or routed.

During the fighting, the panic-
stricken residents fled toward Tlal-
pam, for which place troops were sent
to the scene.

The raiding Zapatistas are 1500
strong.

Y. M. B. L. TONIGHT.

No Quorum Was Secured and Meet-
ing Is Deferred.

Failure to secure a quorum resulted
last night in postponement of the
annual meeting of the Young Men's
Business League, which was sched-
uled to take place. The meeting will
be held tonight in the hall of the or-
ganization near the corner of Austin
avenue and Seventh street. Election
of officers will take place.

IS GUILTY OF SWINDLING

MEMBER OF MABRY GANG MAKES
PLEA AT COUNCIL BLUFFS.

Former Barber Admits Having Seen a
Party to Fake Wrestling
Match Operations.

Council Bluffs, Ia., Sept. 17.—H. K.
Robbie, formerly a barber of this city
today pleaded guilty in the federal
court to having been a party to swind-
ling operations aggregating \$10,000, in
which J. C. Mabry and his associ-
ates were principals. Judge Smith
withheld sentence in the case.

Robbie admitted having solicited
H. Nelson Pratt, of Toledo, and E. Z.
Alsbough, of Terre Haute, Ind., whose
loans respectively were \$5,000, \$4,000
and \$1,600, all on fake wrestling
matches. The swindles were accom-
plished in the fall of 1904.

E. C. Moore, alleged to be a partner
of Mabry, and one of the "million-
aires," will be brought to trial to-
morrow, after a two years' fight
against extradition from California.

Moore took his case to the United
States supreme court, the final judg-
ment of which forced him to stand
trial. Moore's trial will be the last
of the alleged swindlers whose specula-
tions aggregated \$2,000,000.

ALLEN MEMBER OF UNION

JOINED THE CARPENTERS AT
DES MOINES, IOWA.

Movement Is Started to Have Con-
vention at Washington to Aid the
Mountaineers.

Des Moines, Iowa, Sept. 17.—A propo-
sition that the Carpenters' union, in
convention in Washington extend aid
to Sidna Allen, Virginia mountaineer,
captured here last Saturday in con-
nection with the Hillville courthouse
murders, will be brought before the
convention by representatives of the
Des Moines union, according to an an-
nouncement today. Members of the
local organization say that Allen was
as much entitled to consideration as
any member. He joined the Des Moines
local July 2 under the name of Tom
Stamps.

"Allen is a member in good stand-
ing," said President J. C. Walker of
the union today. "He paid his dues
promptly and was square in all his
dealings. He was industrious, an honest
workman and we are not going to
see him ill treated."

Will Not Aid Allen.

Washington, Sept. 17.—Representa-
tives of the Des Moines local of the
International Brotherhood of Carpen-
ters and Joiners, in convention here
today, denied that any action looking
toward the assistance of Sidna Allen,
the Virginia mountaineer arrested in
Des Moines for participation in the
Hillville courthouse murders, was con-
templated.

President Huber of the Des Moines
delegation, Secretary Frank Duffey and
other members of the delegation said
they would entertain no proposition to assist
Allen.

PRIMARY IN NEW YORK.

Few Contests in the First Real Test
in New Law.

New York, Sept. 17.—The direct
primary was given its first real test
here today throughout the state and
brought comparatively few contests.
Voters cast their ballots for delegates
to the coming state conventions and
for various candidates designated for
nomination by party conventions.
Congressional, senate and assembly
nominations were made as well as
those for city, village and county offi-
cers.

A noteworthy congressional con-
test was that in the Thirty-first dis-
trict, where Serrano E. Payne was
nominated by the republicans over
Former Mayor E. Clarence Alden, of
Auburn. In this city the only con-
gressional contest was in the third
district, Brooklyn, where Dr. Frank
E. Watson, the present congressman,
won the democratic nomination over
Francis P. Hunt.

To Extend Postal Delivery.

Washington, Sept. 17.—Postmaster
General Hitchcock is preparing to es-
tablish a limited free service at post-
offices of the second and third class.
The experiments will effect deliveries
to nearly 30,000,000 people now obliged
to call at the local postoffices for their
mail. An appropriation of \$100,000
was made by congress for experimental
free delivery in small communities, the
amount to be expended at any one of-
fice not to exceed \$1500 a year. Deliv-
ery by carrier is confined now to
cities having a population of 10,000 or
more, or annual postal receipts of at
least \$10,000.

Telegraphers' Dispute Unsettled.

Montreal, Sept. 17.—It was announced
today, following a conference between
D. McNicoll, vice president of the Cana-
dian Pacific railroad company, and
representatives of the Order of Rail-
road Telegraphers, that a settlement
has not been reached in regard to the
wage and hours scale dispute.

The men originally demanded a ten-
hour day and time and half for over-
time work. An arbitration board al-
lowed a 10 per cent increase in wages,
which the men refused to accept.

DOWE OUSTED FROM OFFICE

UNITED STATES CUSTOMS COL-
LECTOR AT EAGLE PASS RE-
MOVED BY TAFT.

CHARGES NOT DIVULGED

Support of Roosevelt Cause of Diamis-
sal, Says Deposed Official—James
A. Harvin Appointed.

Washington, Sept. 17.—Robert W.
Dowe, collector of customs at Eagle
Pass, Texas, has been removed from
office by President Taft on charges,
the nature of which customs officials
decline to divulge. James A. Harvin
has been appointed to succeed him.

During the Madero rebellion against
the Diaz government in Mexico, agents
of the Madero junta in Washington
made formal complaint against Dowe's
enforcement of neutrality laws. Dowe
was then under investigation by the
treasury department on other allega-
tions and the customs authorities looked
into the Madero complaint.

The Madero agent charged that
Dowe had used his office in favor of
the movement of supplies and ammuni-
tion to the revolutionists. Other allega-
tions of a sensational nature were
made at the same time. In the midst
of the investigation, the Diaz govern-
ment was overthrown and the charges
were not pressed.

Customs officials today absolutely
declined to discuss the case. Carmi
Thompson, at the White House office,
declared the entire affair was being
handled by President Taft at Beverly.

White House Officials Reticent.

Beverly, Mass., Sept. 17.—President
Taft has appointed James A. Harvin
of Eagle Pass, Texas, collector of cus-
toms at that place, succeeding Robert
W. Dowe, who was removed.

White House officials tonight re-
fused to discuss the charges against
Dowe, and said they had not heard
that he incurred displeasure during
the Madero rebellion in Mexico by his
manner in enforcing the neutrality
laws.

Dowe Says Politics Is Cause.

San Antonio, Tex., Sept. 17.—Robert
W. Dowe, United States collector of
customs with headquarters at Eagle
Pass, Texas, was requested September
6 to resign and declined. He main-
tains that all the federal administra-
tion has against him is his activity
in behalf of Colonel Roosevelt. He
declares there are no charges against
him.

James A. Harvin, named as Col-
lector Dowe's successor, is immigra-
tion inspector at Eagle Pass.

TAFT WANTS STIMPSON.

Leaders Know How President Stands
on Gubernatorial Question.

Beverly, Mass., Sept. 17.—Although
President Taft will not attempt to
dictate to the New York State republi-
can convention next week, it is
probable he will let leaders from the
state know he would like to see his
secretary of war, Henry L. Stimpson,
made temporary chairman.

The president, it was said tonight,
has not finally determined to push
the candidacy of Mr. Stimpson, but
if the New York leaders agree to him
as temporary chairman, the president
would approve.

Gossip concerning a possible gub-
ernatorial candidate that reached Be-
verly tonight brought out most promi-
nently the name of Nicholas Murray
Butler, president of Columbia Uni-
versity. It is believed here Mr. But-
ler would be entirely agreeable to the
president.

To Reduce Size of Currency.

Washington, Sept. 17.—The order
reducing the size of the United States
currency and national bank notes by
one-third and completely revolutioniz-
ing their designs will be given to
Secretary MacVeagh in a few weeks.
There is no question that the change
will be made. Designs for the new
bills are being completed. The design
of each denomination of every bill—
United States notes, gold and silver
certificates and national bank notes—
will be of general nature. The new
currency will measure six by two and
a half inches as compared with the
7.25 by 3.94 of the present notes. It
will require 18 months to make the
change complete.

Roosevelt Forces Bolt.

Greensboro, N. C., Sept. 17.—Roosevelt
supporters bolted today from the
fifth district republican congressional
convention here and held a second
convention. Resolutions were adopted
denouncing the action of a "few fed-
eral postmasters" and it was decided
to sever all connection with the re-
publican party. A call for a general
mass convention to nominate a pro-
gressive candidate for congress was
issued. A split was precipitated when
Chairman John T. Renbow ruled that
delegates from other counties had a
right to cast a full vote of their coun-
ty.

Gainesville Alderman Hurt.

Gainesville, Tex., Sept. 17.—Alderman
Ellis Hensley was seriously hurt
today by falling from a buggy. The
vehicle passed over his body.

PRIMARY IN MINNESOTA

RENOMINATION OF CONGRESS-
MAN STEPHENSON INDICATED.

His Opponent Fails to Hold Progres-
sive Votes—Returns Are Slow
Coming in.

St. Paul, Minn., Sept. 17.—Polls in
the first statewide primary in Minne-
sota closed tonight at 9 o'clock. Few
returns of a definite nature were ex-
pected before tomorrow morning.
Indications at an early hour tonight
were that Congressman Stephenson,
of the fourth district, had been re-
nominated. His contestant, Ambrose
Tighe, apparently did not hold the
progressive vote cast two years ago.

PROMISE BY ROOSEVELT

IF ELECTED WILL CALL CON-
GRESS IN SESSION.

Tells Arizona Audience He Will Make
Effort to Put "Human Welfare"
Planks Into Effect.

Phoenix, Ariz., Sept. 17.—Across the
sun baked plains of Arizona Col.
Roosevelt was whirled today on his
way eastward after his trip through
the northwest and down the Pacific
coast. In mid-afternoon the thermo-
meter registered 104 degrees. Col.
Roosevelt had expected to make one
speech in Arizona, that in Phoenix
tonight, but the Arizona progressive
committee offered to take him on to
Phoenix in time. He consented and
the committee kept its promise.

To cover the added mileage, the
Colonel was taken on one of the fast-
est rides he ever had. In coming to
Arizona, Col. Roosevelt entered the
first of the democratic states to which
he has carried his fight for the pro-
gressive party. He promised the peo-
ple of Arizona that if he were elected
he would call a special session of con-
gress immediately in an effort to put
into effect the "human welfare" plank
of the progressive platform, so far as
might be done by congressional ac-
tion.

IS FOOD EQUIPMENT?

This Question Is Bothering the U. S.
Treasury Department.

Washington, Sept. 17.—Secretary
MacVeagh is wrestling with the ques-
tion of whether to admit free of duty
food for use on board American ships
under the amendment to the Panama
Canal act, abolishing duty on all
ship-building material and equipment
imported into the United States.

Is food equipment? That is what
bothers the treasury department.
There are other articles in doubt and
Secretary MacVeagh is drafting res-
olutions which will define the scope
of the free list in this connection. It
is practically conceded by treasury
officials that all furniture for ships
and even the American flag to be
flown by them, are entitled to free
entry under the new law.

Peacemaker Shot to Death.

Blytheville, Ark., Sept. 17.—A. B.
Bell, a merchant of Dell, Ark., was
shot and killed tonight at Dell while
according to bystanders, endeavoring
to settle a controversy between the
Priscendine brothers, two farmers.
Bell was shot five times when he
stepped between the men. J. B. Pris-
cendine is under arrest charged with
the killing.

Mob Hunts Negro.

Raleigh, N. C., Sept. 17.—Abner Fal-
son, a negro, is being pursued by a
posse in the woods near Zebulon,
twenty miles from here, tonight. The
negro is wanted for the assault on Ed
Horton, a white man who is said to
be mortally wounded as a result of
being beaten over the head with a
kathook. Trouble is expected if the
negro is captured.

Taft Sends Congratulations.

Washington, Sept. 17.—In recogni-
tion of the anniversary of Central
American and Mexican independence,
which has just been celebrated, Presi-
dent Taft today sent messages of
congratulations to the presidents of
Costa Rica, Guatemala, Honduras,
Nicaragua, Salvador and Mexico.

Heavy Rain at Vernon.

Vernon, Tex., Sept. 17.—Young cot-
ton and other late crops were greatly
benefitted by a hard rain in this sec-
tion last night.

LOCAL TEMPERATURES.

Daily temperatures, furnished by
Dr. I. Block, voluntary weather ob-
server, for twenty-four hours, end-
ing Tuesday at 7 p. m.: Minimum
67, maximum 98. Barometer read-
ing, 29.82.

Weather Forecast.

Washington, Sept. 17.—Forecast:
Louisiana—Local thundershowers
Wednesday, not quite so warm;
Thursday fair in north, unsettled
in south portion.

East Texas—Unsettled weather
Wednesday; somewhat lower tem-
perature in interior, Thursday
probably fair.

West Texas—Fair Wednesday
and Thursday.

Oklahoma—Fair Wednesday and
Thursday.

SNEED INDICTED BY GRAND JURY

BILL CHARGING MURDER OF AL
G. BOYCE JR. RETURNED
AT AMARILLO.

WILL APPLY FOR BAIL

Investigation of Possibility of Third
Person in Tragedy Is to Be
Continued

Amarillo, Tex., Sept. 17.—The grand
jury, which had since Monday morn-
ing been investigating the killing of
Al G. Boyce, Jr., last Saturday night,
late this afternoon returned an indict-
ment charging John Beal Sneed with
murder.

Counsel for Sneed probably will to-
morrow or Thursday institute habeas
corpus proceedings to have bail fixed.
At the habeas corpus hearing consid-
erable testimony, both for the state
and defense, will be given. Sneed
said today he expects his application
for bail will be granted and he will
soon be released from jail. His de-
meanor is quiet, showing no change
since he first entered the jail, a few
minutes after the killing of Boyce.

Further investigation made.
Both the Boyce and Sneed relatives
and friends remain in Amarillo and it
is believed all of them will continue
to stop here until the question of bail
has been decided by the court. Inter-
est continues to be centered in the
question of an alleged confederate, the
man who is said to have been seen at
the rented house opposite the Metho-
dist church where Boyce was killed and
which is supposed to have sheltered
Sneed. To what extent, if any, this
third person entered consciously into
any design to kill Boyce, is unknown
to the detectives working on the case.
But these officers have prepared a list
of persons who might have been with
Sneed at some time preceding the
killing, and they are narrowing this
list by a process of elimination. None
of the names under investigation has
been announced.

Another arrest expected.
Report today was the grand jury
had under investigation the possibility
of a confederate, "Red" in petri-
circles were that another arrest may
be made soon.

Mrs. J. B. Sneed has not come to
Amarillo, nor is it likely that she will
do so. The defense shows no inclina-
tion at present to ask for her pres-
ence.

Both the Boyce and Sneed relatives
and friends remain in Amarillo. It
is believed nearly all of them will con-
tinue to stop here until the courts
make some definite move as to bail,
which may be done tomorrow or
Thursday.

Amarillo seems absolutely quiet and
peaceful. The only feeling to be seen
is one of general pity at such a sit-
uation for the two families and their
friends. Animosity is nowhere in
evidence.

CONDITION IS ALARMING.

Former Senator Money Suffers From
Fractured Hip.

Bloom, Miss., Sept. 17.—Former
United States Senator H. D. Money,
who fractured his hip in a fall three
days ago at his home at Fair Haven,
a few miles from here, has lain all day
in a state of coma. His physicians
tonight consider his condition alarm-
ing.

Acquitted of Murder Charge.

Anderson, S. C., Sept. 17.—A verdict
of not guilty was returned here today
in the trial of Furman Bagwell,
charged with killing Milton Taylor
here last July. Bagwell shot and mor-
tally wounded Taylor when the former
was being initiated into the order of
the Woodmen of the World. He be-
came excited when Taylor and other
members of the degree team began
firing blank cartridges. Rushing to
his coat, he secured a revolver and
fired several shots. Taylor was the
only person fatally wounded. Before
Taylor died he requested that Bagwell
be not prosecuted.

Acquit Woman of Murder.

Chicago, Sept. 17.—For the fourth
time within a year, a jury in the crim-
inal court of Cook county declined to
return a verdict of guilty against a
woman charged with murder. Mrs.
Elizabeth Buchanan, white wife of a
negro, was found not guilty of the
murder of Josie Rice, a negro, who
was shot and killed at her home May
1. The other women acquitted of mur-
der are Mrs. Jane Quinn, Mrs. R. E.
Morrow and Mrs. Florence Bernstein,
all charged with slaying their hus-
bands.

Show Train Wrecked; 2 Killed.

Cape Girardeau, Mo., Sept. 17.—Two
persons were killed and 14 injured to-
night when a train, carrying Lamont's
Dog and Pony Show crashed through
a bridge on the St. Louis and San
Francisco railway. One of the dead
is said to be the owner of the show.
There is no telegraphic communica-
tion in the vicinity.

Copper Miners to Strike.

Bingham, Utah, Sept. 17.—Four
thousand men employed in the copper
mines here will go on strike to-
morrow, having been refused an increase
of 50c a day. All classes of labor re-
ceived an increase of 25 cents a day
last March.

THIRTEEN DIE IN WRECK

EXPRESS TRAIN JUMPS RAILS
NEAR LIVERPOOL.

Overturned Cars Catch Fire and Sev-
eral Bodies of Victims Cremated.
Fifty Are Injured.

Liverpool, Sept. 17.—Thirteen per-
sons were killed and fifty injured by
the derailing tonight of the express
train from Chester to Liverpool at Ditton
Junction, eight miles from Liverpool.
The train had passed over the long
bridge spanning the Mersey and was
running down the incline leading to
the junction when at the cross-over
points, the engine jumped the rails
and crashed into the buttress of a
bridge spanning the line.

The coupling of the car next to the
engine parted and the train of nine
cars sped on to the station. The lead-
ing cars crashed into the platform
with terrific force and were wrecked.
The car was overturned and caught
fire and soon was consumed. Several
bodies in this car were cremated.
Some of the injured were rescued
from windows.

The engine driver was crushed to
death and both legs of the fireman
broken. He was pinned under the
locomotive for two hours.

OUTLINE BECKER'S CASE

COUNSEL CLAIMS TO HAVE NEW-
LY-DISCOVERED EVIDENCE.

Expects to Convince Jury Police Of-
ficer Did Not Instigate Murder
of Gambler Rosenthal.

New York, Sept. 17.—The first au-
thoritative outline of what Police
Lieutenant Charles Becker's defense
will be at his trial on the charge of
instigating the murder of Herman
Rosenthal was drawn tonight by Jno.
F. McIntyre, Becker's counsel. Mr. Mc-
Intyre declared he would prove the
gunmen under indictment, as well as
others charged with complicity in the
crime, had "a very lively quarrel of
their own with Rosenthal," because
the gambler was "a poacher of their
women and also."

"He won their shameful wage earn-
ers away from them," declared the
attorney. Becker did not hire these
men to kill Rosenthal. The gang-
sters had their own personal reasons
for desiring the death of Rosenthal
and Becker had neither part nor
knowledge in their conspiracy.

McIntyre also announced that the
discovery of important evidence which
will favor Becker, had caused him to
abandon his proposed trip to Hot
Springs, Ark., to take depositions
which would tend to prove that Sam
Schepps had declared Becker was not
the instigator of the Rosenthal killing.
McIntyre will send Lawyer G.
W. Hart to Hot Springs in his place.

"The new evidence," said McIntyre
tonight, "will sweepingly exonerate
my client."

OUST ROOSEVELT MEN.

Republican National Committee Will
Be Bounded at Today's Meeting.

New York, Sept. 17.—The special
meeting of the republican national
committee, called to take action in
the case of members who are sus-
pected of Roosevelt leanings, will take
place here tomorrow. Chairman Hilles,
who issued the call, declined to give
the names or number of the national
committees against whom charges
of disloyalty had been made, but other
officials at national headquarters said
that six men had been labeled as sus-
pects.

These men will be called upon to de-
clare themselves for Taft or Sherman
or resign. In case they do neither
they will be summarily expelled, ac-
cording to Mr. Hilles, and the commit-
tee will elect Taft men in their places.

Clerk Testifies Against Aldermen.

Detroit, Mich., Sept. 17.—Edward
Schrieter, deposed councilman clerk,
who confessed he entered into a con-
spiracy with several aldermen to get
money for their influence enclosing
a city street for the benefit of the
Wabash railroad, testified today in
the police court hearing of 17 alder-
men charged with conspiracy that he
had offered bribes in connection with
the Wabash deal

Budweiser

COLLAPSES IN A HOTEL

STRANGER, ILL WITH TUBERCULOSIS, FALLS ON THE FLOOR.

A. D. Adams Endeavors to Get Someone to Take Him Off His Hands.

A man who collapsed Monday night in the lobby of the Exchange Hotel, who is without funds and is very ill with tubercular trouble, is in a room in the annex of the Exchange Hotel, and A. D. Adams last night employed a nurse to attend him.

According to the complaint made to the mayor and members of the commission yesterday, the man came into the hotel without funds, sat down to rest, collapsed and the hotel people have been unable to have him moved to any place. Proprietor Adams and his night clerk, Leslie Clough, were together when they made the complaint to the city. They stated that Clerk Clough endeavored to get the city physician, Dr. Toomin, when the man collapsed about 2 a. m. Tuesday, but the phone was out of order and he could not be reached; that Dr. Langston, the county physician, was appealed to, but said he could do nothing, and finally Dr. Styles responded to the call, and his fee was paid by Mr. Adams.

Dr. Toomin was present when the complaint was made. He said that they did not get in communication with him until after Dr. Styles had seen the patient; that Dr. Styles told him over the phone what he had done; that he (Dr. Toomin) could have done no more, and he did not go; that he did see the patient at 10 a. m. Tuesday, and that he had requested the United Charities to look after him.

Mayor Mackey explained that the patient, being tubercular, could not be sent to the sanitarium, as the city's contract precludes that. The mayor said he did not see what else could be done.

"I tried to get the chief of police to take him to the city hall," said Clerk Clough.

"They had no place for him except in jail," said the mayor.

"Wouldn't it be better for him to be in jail, where he could lie down, than to be in the hotel endangering the lives of the guests?" said Clerk Clough.

The city decided that as the man is not a resident here, that the accommodations provided by the city and county at the county farm are not available for him; that the city cannot take him to the Providence Sanitarium.

At 11 o'clock last night A. D. Adams stated to the Morning News that the man was still at his house; that Dr. Toomin had not been back to see him during the day and that the United Charities had made no move to care for the patient, so he had ordered a nurse for him, and was

making him as comfortable as he could. Mr. Adams stated further that some time ago an indigent and sick man came into his hotel, and that he was twelve days getting him cared for, but that finally he was taken to the sanitarium.

Personal Mention

C. E. McCollum is in San Antonio. A. J. Vawter left this morning for Chicago.

T. C. Lamar of Houston is a guest at the Metropole.

Nat S. Smith is spending a few days in the coast country.

Judge Ed Punched of Reisel, was in the city yesterday.

Artemus R. Roberts has returned from a visit in the east.

Whitfield Abbott and Wayne Hearne of Dallas are at the Metropole.

C. D. Jones is here from Dallas, stopping at the New State House.

Edward Rotan has returned from his summer home at Gloster, Mass.

B. U. Stephens of Dallas is among the arrivals at the New State House.

Lee Perry of Amarillo, for many years a resident of Waco, is visiting here.

Monta J. Moore and H. C. Stucke of Houston are among the arrivals at the Metropole.

A. J. Ray of Sweetwater arrived in the city yesterday and registered at the New State House.

"Dick" Jones of Reisel, one of the old citizens of the country, was a visitor here yesterday.

Dr. W. R. Clifton is at home from summer travel which embraced points between Canada and Colorado.

H. Jalonic, with the engineering department of the Texas Light and Power company, Dallas, is in the city, stopping at the New State House.

Local News Notes

Excavation work, preparatory to the work of laying paving, was begun yesterday on Seventh street on the two blocks between Austin and Mary streets.

Rev. Frank S. Grener is absent at the bedside of a very sick brother. In his absence D. P. Wallace will conduct the prayer meeting at the Columbus Street Baptist church. It is expected that the pastor will return by next Sunday.

Mexicans in Texas, many of them recent refugees from the disturbances in that country, held a mammoth celebration Monday night at Lorena in honor of the independence of their country. The affair was in the form of a reunion of all the Mexicans in this section of the country and the dancing and feasting lasted from 4 o'clock in the evening until 4 o'clock yesterday morning. Deputy Sheriff Hobbs and Deputy Constable E. H. Smith spent the night at the festivities to prevent undue effervescence.

Deaths and Burials

Walter O. Grossamagen.
After an illness of nine months, Walter O. Grossamagen, 27 years of age, died at his home at three miles south of Waco at 4:20 o'clock Monday afternoon. The funeral was conducted from the residence at 4 o'clock yesterday and the interment was in Oakwood cemetery. The deceased was a son of Mr. and Mrs. Meiner. The Rev. Mr. Hepperman, pastor of the German Zion church, officiated.

Eric J. Johnson.
Eric J. Johnson, aged 75 years, died at his home, No. 328 North Tenth street, at 4 o'clock yesterday morning. Mr. Johnson is well known to the elder citizens of Waco. He came here in 1869, and during the forty-three years of his residence in this city he has been one of the active, industrious

WEBB TO GIVE RATES

PROMISES THAT THE KATY WILL HELP OUT COTTON PALACE.

Not Only Will Make the Tickets Attractive But Will Run Some Excursions

One of the most encouraging items of news to the directors of the Cotton Palace which they have received this year is the assurance from the Missouri, Kansas and Texas railroad company through its general manager W. A. Webb, of Dallas, that this road will give the Cotton Palace exceptionally low rates throughout the expedition, and that special train service will be installed on the road as frequently as the occasion demands.

The question of rates was taken up direct with Mr. Webb by a committee. He stated that because of the Indian exhibits in which much interest is taken in Oklahoma, it is probable that several excursions will be run to Waco from points in Oklahoma to carry the hundreds of people expected from that state.

The other roads into this city have signified their intention also to give exceptionally low rates during the show, and the directors of the exposition now believe the transportation problem has been successfully solved.

The directors of the Cotton Palace will meet in the rooms of the Waco Business Men's Club in the Amicable Building tonight. Important matters are to be discussed.

TO REMOVE BILL BOARD

MR. ABEL SAYS HE WILL HAVE IT TAKEN DOWN.

So Commissioner Wright Reports. Mayor Mackey Says People Are Grateful.

The bill board located on the south side of Elm street and east of the Texas Central tracks, east of the steel bridge, is to be removed, leaving a clear view of the railroad tracks.

This bill board is the one which it is claimed by Arthur Crow, who was driving the patrol automobile at the time of the accident, obscured his view so that he did not see the locomotive approaching the crossing. Yesterday Commissioner John F. Wright stated that he had been advised by William C. Abel, owner of the property on which the bill board is located, that he is willing to have the bill board removed; that he gets no revenue from it whatever and that he allowed it to go on his property as a personal favor. He did not know that it was objectionable to the city or that it made the crossing dangerous.

When Mayor Mackey heard the statement by Commissioner Wright, as coming from Mr. Abel, he said: "I believe the commission ought to extend a vote of thanks to Mr. Abel for this message he has given Mr. Wright. I believe the entire people of Waco will be gratified to know that the bill board is to come down."

SOLDIERS BURN TO DEATH.

Five Hundred Chinese Perish in a Forest Fire.

Chicago, Sept. 17.—Five hundred Chinese soldiers were burned to death today, according to a dispatch to the Chicago Daily News, in a forest fire started by a force of Mongolians retreating from the Chinese. The Mongolians were defeated and fled northward with the Chinese in pursuit. In a forest near Tab Chichu they started a fire to maintain a stand.

The Chinese troops were unable to escape, and perished.

Bourne Is Defeated.

Salem, Ore., Sept. 17.—A. E. Clark, an attorney of Portland, was nominated for United States senator over Jonathan Bourne, incumbent by the progressive state convention here today. The convention then named a state ticket. Oregon does not elect a governor this year. Senator Bourne, who was not an active candidate, was arraigned by several speakers who questioned his progressiveness.

SCHOOL CHILDREN TO HELP

WILL BE ASKED TO GIVE BATTLESHIP A SILVER SERVICE.

Contributions of 5 and 10 Cents to Be Solicited—Picture in Every School Room.

Galveston, Sept. 16.—If the plan that has developed in the mind of Mayor Fisher is put into execution, the more than one million school children of the state will be given an opportunity to contribute a small 5c or 10c piece to a fund to be used in providing a magnificent silver service for the great battleship Texas, which will soon be afloat and occupying her place in the American navy as the greatest battleship in the world. Mayor Fisher some months ago wrote to Governor Colquhitt, outlining his plan and suggesting to the governor that the latter issue a proclamation naming a "Texas day" on which the school children of the state should be given an opportunity and asked to contribute 5c or 10c toward a fund to provide a silver service for the great battleship.

Mayor Fisher's Plan.

In speaking of the proposed plan, Mayor Fisher said that it had occurred to him that the more than one million school children in the public schools of Texas should be given an opportunity of contributing to this fund. This, he said, would teach them a deep and lasting lesson of patriotism and at the same time would arouse an interest in affairs of state that would prove of great benefit to them. It is the mayor's plan to secure the co-operation of the superintendents, principals and teachers in every public school in the state by sending out a large lithograph of the great battleship, with statistical matter regarding the navies of the world and the dimensions of this great battleship. These lithographs are expected to be posted in the school rooms. They will be suited for framing, and would make an excellent mural decoration for any school room, especially a school room in Texas.

Of course it is expected that the Texas will come to Galveston to receive her silver service. Galveston is the only port in Texas that would accommodate her, and it is but fitting that the greatest battleship afloat, named after the greatest state in the United States, should come to the greatest cotton port in the world to receive her silver service. The service will be fittingly inscribed to show that it is given by the public school children of Texas, and on this account should be the more highly valued by officers and men of the great sea-fighting machine.

Coal Strikers Get Support.

Oskaloosa, Ia., Sept. 17.—The United Mine Workers of America will back the strikers of the Kanawha coal district in West Virginia. At a conference of officials of that organization here this afternoon a resolution pledging moral and financial support of the national union to the strikers was adopted. President John P. White and other officials of the organization will attend the conference arranged for next Saturday at Charleston, W. Va., and have agreed to hold in abeyance any other plan for settling the strike until after that conference.

Texas Boys Victims of Joke.

Washington, Sept. 17.—Somebody has been fooling the boys of Texas. Postmaster General Hitchcock's mail was over-loaded today, with packages mailed from Texas towns, each bundle containing 1,000 cancelled postage stamps, neatly done up in hundreds. Accompanying each was a letter requesting Mr. Hitchcock to forward to the writer in return for the cancelled stamps.

New Trust Company Formed.

Sweetwater, Tex., Sept. 17.—The stockholders of the Great Western Loan and Trust company, chartered under the laws of Texas, with a capital of \$2,000,000, met last night and perfected organization. R. L. McCauley, formerly president of the Farmers and Merchants State bank, this city, was elected president.

Christopher Diehl Dead.

Salt Lake, Utah, Sept. 17.—Free Masonry lost one of its prominent exponents with the death here today of Christopher Diehl, aged 82. Mr. Diehl organized the first Masonic lodge in Utah 45 years ago. His writings on Masonic history and laws are read throughout the world.

Strike in Canadian Collieries.

Victoria, B. C., Sept. 17.—Twelve hundred went on a strike today at the four collieries operated at Cumberland, Vancouver Island, the Canadian collieries, (Dunsmuir) limited. The plant at the mines is shut down. The men announced dissatisfaction with their hours and wage scales.

ROSELLE PULLIAM KILLED

BREWSTER COUNTY CATTLEMAN
SHOT AT ALPINE.

James Gillespie Charged With the
Shooting, Which Occurred in the
Postoffice Before Witnesses.

Alpine, Tex., Sept. 17.—In the post-
office here today James Gillespie, a
prominent cattleman, shot and killed
Roselle Pulliam. Gillespie fired five
times with an automatic pistol. After
the shooting Gillespie walked up to
Pulliam, taking a pistol from his body
and stating that Pulliam had tried to
shoot him. The killing occurred
at 3 a. m. in the presence of three
or four witnesses.

The interests of both stockmen are
mostly in Brewster county. In a pe-
tition filed last week in the United
States court in El Paso against 603
head of cattle the allegation is set out
by United States District Attorney C.
A. Boynton of Waco that Gillespie had
550 head of cattle on the range of R.
M. Pulliam in Brewster, when 500 cat-
tle were smuggled from Mexico by
persons unknown and that they were
mixed in with Gillespie's herd and
were branded by Gillespie's herd. The
petition states that 200 head of Gil-
lespie's cattle were later sold by the
government, it being impossible to
distinguish the 200 smuggled head
from the others and the attorney prays
for all to be forfeited.

Pulliam was a witness in the case.

At Raleigh, N. C., Sept. 17.—Rogues
warfare against hazing was declared
by the executive committee of the
board of trustees of North Carolina
State University here today after the
report of President Venable on the
death of Freshman Isaac W. Rand,
killed while being hazed, had been
made. The statement of President
Venable threw no further light on the
circumstances surrounding the stu-
dent's death. The committee discussed
a proposition to petition the legisla-
ture for a law making hazing a crime
but no action was taken. Oscar Rand,
father of the dead student, tonight
issued a statement demanding that the
hazards of his son be punished.

Raiders Continue in Houston.

Houston, Tex., Sept. 17.—Additional
raids were made last night by police
of hotels and rooming houses in the
residential and business sections
against which complaints have been
made. Police Chief Noble is waging
the most stringent campaign along
this line in the history of the city. He
announces that no let up is in sight
and that the war will be continued un-
til the element in question is driven to
the restricted district of the city.
Among the places under fire so far
are some heretofore regarded as above
reproach.

Houston School Enrollment Large.

Houston, Tex., Sept. 17.—Super-
intendent Paul W. Horn of the city
schools reports the enrollment at the
beginning of the new term at 7100, an
increase of 225 over last year. New
pupils are coming in daily and the
question of accommodations, pending
new construction for which bonds
have been voted, is a problem per-
plexing the school board. The county
schools likewise report a good in-
crease, but figures are not as yet
available.

KATE FRIEND, Editor

MRS. WILLIAM W. EARLY LEAVES FOR AUSTIN

On Friday Mrs. William Early will
go down to Austin. While this is a
visit to her girlhood home, it is pri-
marily to join the bridal party of Miss
Helen Garrison, who has visited Mrs.
Early here. The wedding date is
September 25th and the groom, Ar-
thur Harris, arrives from Mexico.

MRS. JULIAN PRADÉ LEAVES FOR ATLANTA, GEORGIA

Among the early departures will be
that of Mrs. Julian Prade for Atlanta,
Georgia. She goes at the earnest in-
vitation of her son, Julian Prade,
and his fiancée, in order that she may
be a participant in the pre-nuptial
gayety which is already begun. The
wedding is in the second week of Oc-
tober, which gives Mrs. Prade a de-
lightful two weeks in advance of the
brilliant home ceremony.

ENGAGEMENT ANNOUNCED OVER IN CORNICANA

There has just been announced in
Cornicana the engagement of a young
woman who has friends by the score
here. This is Miss Lula Hoover, the
daughter of Mr. and Mrs. Gus Hoover,
who at one time resided in this city.
Miss Nancy Lucy went over for the
interesting event. The groom un-
der discussion is Ralph Blackwell of
Cornicana. The wedding date comes
within the excitement of fall nuptials
for Cornicans.

WACOANS ARE INTERESTED IN SAN ANTONIO BRIDE

Many of the local club women re-
call pleasantly Mrs. J. M. Young, who
as a resident of Temple, paid several
visits to the suburban home of Mrs.
T. J. Prim. Later Mrs. Young was
active in Austin club and social cir-
cles. She is now a resident of San
Antonio and is the mother of a bride-
to-be. Her daughter, Miss Mary
Louise Young, who is also a former
visitor to this city, marries tonight.
The groom in prospect is Edwin
Thomas Phillips. The ceremony oc-
curs in the bride's home.

SOMETHING FOR THE WOMEN: TO FURTHER COTTON PALACE

It is announced that J. J. Hutchison
at his office near the corner of Fourth
and Washington streets, has blotters
and post cards for distribution free.
This is to advertise the Cotton Palace,
the exposition and the dates. It is
the individual duty of every woman
in this city to secure some of these
and to see that not one letter which
she sends out between this and the
Cotton Palace does not go without one
of these reminders, also with some
personal word calling attention to the
same. There is always a place for
women in public work, and this is
preeminently the time for woman to
show her public spirit. She writes
many more personal letters than does
the husband in the home. She has
more leisure. Let her heed the call,
get the blotters and the post cards,
and what is more, use every single
one of them.

MRS. A. R. MCCOLLUM HOSTESS FOR MRS. McWHIRTER

It was announced that Mrs. Beau-
ford McWhirter would entertain her
club Tuesday morning. In arrang-
ing for this, Mrs. A. R. McCollum
requested the privilege of entertain-
ing in courtesy to her daughter, out
at the Huaco club. Mrs. McWhirter
added a few guests in return for sim-
ilar courtesies from them. The as-
sembly was made at the club and the
game played under highly agreeable
surroundings. The three favors fell
Mrs. A. R. Wilson, Mrs. Ludwell
Williams and Mrs. Joseph Mitchell.
The tea and club sandwiches, with
other dainties, were passed at the
card tables, where the social period
of this coming together prevailed. It
was a pleasing incident that all the
members were present and accounted
for. The hostess for the coming week
is Mrs. Merchant Colgin. This cour-
tesy from Mrs. McCollum was ap-
preciated by the club as well as by the
daughter, who acted as joint hostess.

HERE IS A TIMELY THOUGHT FOR THE MANY MOTHERS

Down in San Antonio one feature
in the work of the Mothers' clubs is
to collect from the homes where they
have been used the books with which
to supply the poorer children of the
city. The thought is a good one.
There are many mothers here in
Waco whose closets is filled with the
books discarded by her child who has
passed into a higher grade. Why not
place these at the Edgefield, the East
Waco and the Evangelical Settlement
library stations? Instruct the librar-
ians to make inquiry so that none
but the really needy will get the
books. It sometimes happens that a
family in reduced circumstances loses
books by fire. It is not a small item
of expense to supply these again.
Sometimes prolonged sickness in a
family detains the children from
school because there is no money with
which to buy the books.

Then let the individual mothers, as
well as the Mothers' clubs, think of
this. Even one book sent, when ad-
ded to the others, will mean something.
Do all possible to give the child his
rightful inheritance, a common school
education. Do this especially, when
it costs nothing, only a moment of
attention and a generous, helpful
spirit.

SAN ANTONIO SOCIETY DEPLORES LACK OF BEAUS

It really seems that the coming sea-
son foretells a disaster in San An-
tonio this year. First of all, there is
an unusual number of debutantes,
twenty charming young women in all.
To escort these and make their first
year out all that has been anticipated

during the rosebud years, there is sim-
ply no one. The officers at Fort Sam
Houston, who are generally the most
to be relied upon for escort duty, are
down watching the Mexican idios-
yncrasy, behind the default, the editor of
the woman's page preaches a social
sermon from the text that the girls of
today demand too much. The men are
not millionaires, yet these girls de-
mand a purse commensurate with
such. The culture and the intelli-
gence of the man counts for nought.
He must keep open purse for flowers,
luncheon and all the frills and bur-
lesques of beau domain. This says the
San Antonio editor, and she reminds
that the women in society are as
much, nay, more, to blame as are the
seemingly unsocial men. Is the situ-
ation in San Antonio alone? Are the
Waco girls free from this demand for
expenditure beyond the purse? Is the
girl of Waco sensible? Does she es-
timate the man for his real worth or
his ability and inclination to give her
what she calls a good time? The beau
of today is the husband of tomorrow.
If he spends all he has now, what will
be the situation then?

A PLAYS AND PLAYERS' CLUB SUGGESTED FOR WACO

Now that the pulse is quickening
for social and club activity, why not
add yet another to Waco's organiza-
tions for self improvement, and launch
a plays and players' club? This would
be especially acceptable to two class-
es of men and women. We say "men
and women" for there must be both
sexes in an organization of this kind.
We have scores who are interested
in the theater who are not interested
in literature in general. We have oth-
ers who are abreast of the coming lit-
erary form, the dramatic, and would
like to study something of the history
and the form of dramatic expression.
We have others who love the art of
expression. All these in common study
and discussion would be of intense
interest. The drama which will be
presented here could be studied in ad-
vance. The great dramas of the day
which are new to the metropolitan
centers could be reviewed and studied
through the press criticisms. Per-
haps there might develop talent for
the writing of a home drama. Or sur-
ely there would be discovered suffi-
cient talent to present a play for sweet
charity. Many cities have their plays
and players' club. All these have a
critics committee, who visit the the-
aters and take back to the club the
criticisms of plays there seen. Take
the questionable Ibsen dramas—one
denounces while the other applauds.
To hear both sides is to broaden men-
tal vision. Let the other organiza-
tions continue. Is there not sufficient
taste for dramatic study here to have
one more organization?

Society Notes.

Mrs. J. W. Davis has written that
she will remain in her summer home
in Virginia until cool weather is es-
tablished here. She, with Mr. Davis,
took the trip in and around New
York City and then settled in a more
quiet spot for rest and recreation.

Mrs. John L. Brockenbrough is an-
ticipating an early autumn visit to
her daughter, Mrs. Harry Holmes.
This will be her first introduction to
her daughter as chaperone to her
own home in Houston.

Mrs. Dawson Walker, who has sum-
mered in Colorado, does not intend
home this season. Miss Polly Wal-
ker will enter school in Colorado
Springs, where they are now.

Miss Dixie Wood is with Mrs. N. E.
Boggs, Eighteenth and Barnard, this
winter.

The Wacoans who have been to
Rockport this season report Mrs.
Baldwin, formerly Mrs. Mamie Burns
Lipscomb, in a very attractive home,
and a leader in the women's activity
of Rockport. She is president of the
Mothers' club, prominent in the forty-
two and otherwise a busy woman.

Miss Maydee Caulfield left Cor-
pus Tuesday, after a round of social cour-
tesy, and is now with friends in San
Antonio for a few days.

Mrs. Foster Ford sends post card
greeting to say that her long sojourn
is about reached its end. She will re-
open her home on West Columbus
with the twenty-fifth of this month,
when she arrives from Asheville.

The last days of the present week
and the first of next will find the
State University girls returned to
their classes in Austin. Of these there

will be Misses Anne Risher, Rowena
Barnett, Georgia Streeter, Emma Far-
rell and Beuna Clinton.

The Express of Sunday mentions
that Miss Enrique Smith will con-
tinue several weeks the guest of her
grandmother, Mrs. Allen.

Miss Bettie May Hill has decided
to postpone her homecoming from
Dallas until the Christmas holidays.

Miss Lella May Henry wrote her
friends here from Belton that she
would join her father in Texarkana
on the fourteenth for Washington
City. This means that she has paid
her last Texas visit and will be ab-
sent from the state indefinitely.

Mrs. F. M. Gardner, who has sum-
mered with her daughters in Califor-
nia, is due to re-open her home on
North Sixteenth with the first of Oc-
tober.

Mrs. Shapley Ross has within the
fortnight been again in her North Six-
teenth street cottage, after a visit to
her sister in Michigan.

It is expected that the Domestic
Science will be called together at an
earlier date this season than hereto-
fore. This is to make ready for the
day which this club will patronize
for the Cotton Palace.

The visit of Mrs. Harris and Miss
Harris to Mrs. S. M. McAshan was
curtailed somewhat. They are again
at home in Houston.

Mrs. Aubrey Meador is now matron
of one of the Prade apartments on
North Tenth.

Mrs. A. L. Skinner is now matron
of her own home on Fort avenue and
Thirteenth street.

Many have remarked upon the num-
ber of attractive young matrons who
are now gracing Waco social life.
These are moving into society at a
rapid rate. And, what is more, they
are receiving a cordial welcome.

Is there not room for a more punc-
tilious observance of correct form by
the girls who are in society? These
are inclined to be derelict. In truth,
a daughter who enters society should
relieve the mother of much which so-
cial life entails.

It is heard that Mrs. S. Arch-
bold and Miss Clara Archbold are
homeward bound. Mrs. Archbold
is expected very soon. The plans of
Miss Archbold for the winter are
not yet known among her home
friends.

Miss Louise Cole of Amarillo, has
come to join the household of her un-
cle, Dr. J. W. Hale, for this winter.
After a prolonged sojourn in Colo-
rado, Mrs. Richard Jurney and Miss
Nell Jurney will be at home on Sun-
day.

They are telling it on C. B. Mc-
Collum that as soon as he heard of
the beau fame in San Antonio he
took the first train out. Be that as
it may, Mr. McCollum is now in San
Antonio.

Society Personals.

Mrs. Frank Foreman is at home
from Colorado.

Monday noted the arrival at home
from Bastrop of Miss Lucile Hill of
Washington street.

Among the absentees of the past
few days was Mrs. Ramsey Cox of
North Sixteenth.

Mrs. Martin of Austin, was the
Tuesday guest of Mrs. James Lough-
ridge.

Miss Beryl Anthony of Dallas, who
spent a few days with Miss Annie Al-
lison on Columbus Heights, has re-
turned home.

After a summer in Kentucky, Miss
Lyda Bailey of West Sanger, is due at
home on Saturday.

Mrs. E. A. Sturges and the Misses
Sturges are at home from Corpus
Christi.

Mrs. Frank Miller has arrived from
Canada.

Mrs. A. C. Prendergast is leaving
today for a few days in Marlin before
her homegoing to Austin.

On Thursday Miss Emma Prender-
gast, who has summered here, leaves
for her home in Austin.

Mrs. W. R. Clifton is at home from
extensive summer travel.

Miss Nancy Lacy is in Corsicana.
The Misses Mullens are at home
from Tennessee.

CITATION BY PUBLICATION.

THE STATE OF TEXAS.
To the Sheriff or any Constable of
McLennan County—Greeting:
YOU ARE HEREBY COMMANDED
to summon by making publication of
this citation in some newspaper pub-
lished in McLennan County, Texas,
once in each week for four consecutive
weeks previous to the return hereof,
Edna Cartwright, to be and appear be-
fore the Honorable District Court of
McLennan County, Texas, Nineteenth
Judicial District, at the next regular
term thereof, to be held in the Court
House thereof in the City of Waco, A.
D. 1912, then and there to answer the
Plaintiff's Petition filed in a suit in
said Court on the 3rd day of Septem-
ber, A. D. 1912, wherein G. C. Cart-
wright is Plaintiff and Edna Cart-
wright is Defendant. File number of
suit being No. A 2880.

The nature of the Plaintiff's demand
is as follows, to-wit:
Plaintiff alleging that the residence
of the defendant is to the plaintiff
unknown; that plaintiff and defendant
were married on or about June 28,
1906, that more than three years ago
defendant left plaintiff bed and
board with the intention of perma-
nent abandonment and has never re-
turned thereto; that, during their liv-
ing together as husband and wife,
plaintiff was kind to defendant and
supported and maintained her.

Wherefore, plaintiff prays that de-
fendant be cited by publication to ap-
pear and answer herein and for judg-
ment dissolving said marriage rela-
tions.

HEREIN FAIL NOT, and have you
then and there this Writ, with your
endorsement thereon, showing how
you have executed the same.
GIVEN UNDER MY HAND and
Seal of said Court at Office in the City
of Waco this, the 3rd day of Septem-
ber, A. D. 1912.
Attest,
R. V. McCLAIN,
Clerk District Court, McLennan Coun-
ty, Texas.
11-13-25 By L. C. Rucker, deputy.

IMPORTANT NOTICE—Next Saturday,

September 21, our store will be closed all
day on account of holiday. Do your shop-
ping before.

cale, etc. Fast colors and well made, neatly trimmed
dresses. Special value offered now in two lots, 98c
and \$1.98.

It is heard that Mrs. S. Arch-
bold and Miss Clara Archbold are
homeward bound. Mrs. Archbold
is expected very soon. The plans of
Miss Archbold for the winter are
not yet known among her home
friends.

Miss Louise Cole of Amarillo, has
come to join the household of her un-
cle, Dr. J. W. Hale, for this winter.
After a prolonged sojourn in Colo-
rado, Mrs. Richard Jurney and Miss
Nell Jurney will be at home on Sun-
day.

They are telling it on C. B. Mc-
Collum that as soon as he heard of
the beau fame in San Antonio he
took the first train out. Be that as
it may, Mr. McCollum is now in San
Antonio.

SALES UP TO \$100,000,000 BUT PROFITS OF HARVESTER COMPANY ONLY \$150,000.

Testimony of President Haskins of the
Concern Before Special Examiner
in Government's Suit.

Chicago, Sept. 17.—Although it sold
\$100,000,000 worth of farm implements
the International Harvester company
of America last year made only \$150,-
000 in profits, or fifteen hundredths of
one per cent according to R. C. Has-
kins, the president who testified today
before a special examiner in the gov-
ernment's suit to dissolve the corpo-
ration.

Questions were asked by govern-
ment attorneys to show that the In-
ternational Harvester company of
America was merely the selling
agency of the International Harvester
company of New Jersey and that the
latter company was to make all the
money.

"Is it not your object to buy from
the New Jersey corporation at such a
price as will enable it to sell so that
you will have neither a loss nor a
profit?" asked Edwin P. Grosvenor,
special assistant attorney general.

"Our object is to buy as cheaply as
we can, and to make as much as pos-
sible." We try to buy from the New
Jersey company at prices we would
get from any other company."

"But you never have paid a divi-
dend?"

"No, we never have."

Most of today's session was devoted
to describing the technical features
of farm implements. Mr. Haskins re-
lated the methods of sale to farmers
in answer to the government's charge
that as a trust the Harvester company
maintained prices "to the serious in-
jury of the farmer."

The witness said that the company
sold to agents with a 5 per cent dis-
count for cash and the agent, by ad-
ding his profit, determined the price
that the farmer was to pay. One
reason, Mr. Haskins explained, why
the sales company made only \$150,-
000 while it sold \$100,000,000 worth of
implements, was that it was constantly
expending large sums for adver-
tising.

REDUCE EXCESSIVE LOANS.

Banks Comply With Order Given By
Comptroller.

Washington, Sept. 17.—National
banks gradually are eliminating ex-
cessive loans in accordance with the
order of Comptroller of the Currency
Murray, giving them until September
30 to bring loans within the legal
limit of 10 per cent of capital and
surplus. This fact is evidenced by
reports to the comptroller in response
to the call of September 4.

Examination of the returns from
one half of the reserve cities indicat-
ed, Mr. Murray announced today, that
excessive loans previously numbering
28 in these places had been reduced to
19, of which four have since been re-
duced. Several are only slightly in
excess. All banks showing excessive
loans, the comptroller said, would be
compelled to come within the law
within a reasonable time. He will in-
crease the number of examinations of
these institutions probably to the ex-
tent of three or four a month, to see
that they comply. He has the power
to revoke their charters.

On June 14, the date of the previous
call, 887 banks had excessive loans,
aggregating \$5,271,603.

NEGLECTED OPPORTUNITIES.

"Texas has a wider variety of plant life than any state I know of, but her citizens do not take advantage of these great opportunities. The state, instead of devoting so much time to filling up her vast fields with immigrants, should have more experimental stations, more agricultural schools and various other things of interest to the planters. Instead of having but one agricultural college, there should be at least two, if not three. The soil and climatic conditions of South Texas are unlike those of the northern or western points of the state, and if a school were established making special investigations of what could be grown in any one of the three sections, and two other schools were maintained to make a specialty of ascertaining the needs of agriculture in particular sections, farming would be elevated to a much higher plane."

These are the observations of a recent arrival from Nebraska—of a gentleman who has been connected with the development of scientific farming in that state. Specializing in certain branches has enabled the farmers of Nebraska to produce more profitable crops. Cobless corn has been made possible by devoting several years to bringing up one variety to the stage where, although a cob exists, it is so small and of such texture that it can be used as feed or ground up without affecting the value of the milled product.

Our Nebraska friend is right. Immigration should not be repelled or discouraged, but it would be better if more attention were paid to putting the people we already have in the way of making the most of their opportunities than to attracting others here to seize them. It is time we were making a serious effort to become thoroughly versed in the science of farming. When we learn to make the most of what nature has endowed us with, it will not be necessary to drum up immigration. The results will be sufficient of themselves to draw it from the four corners of the globe. No advertising will be necessary.

MARKETING ORGANIZATIONS.

To help the fruit growers and truckers who are not organized, and the farmers who raise fruits and vegetables in salable quantities merely as a side line, the Kansas Agricultural college has organized a clearing house. The college authorities were impelled to take up this work two years ago by the discovery that farmers in Eastern Kansas were suffering their fruit to rot for lack of a market, while dealers in Western Kansas were shipping from those identical fruits from far away states to supply their trade. Now, their clearing house is said to be so well organized that any Kansas farmer applying for the information can be furnished with a list of buyers within easy reach of his crop. In addition, the college is sending out specialists to teach the growers how to pack their product for shipment.

This Kansas experiment seems to have been attended with results calculated to induce a study of its features on the part of those who may be situated as the East Kansans were before it was tried. The producers of Texas fruit and vegetables who are to meet in Dallas on October 19 to discuss the organization of a general association or exchange might find something worth copying in the Kansas Agricultural college's plan. At all events, nothing can be lost by subjecting it to investigation.

From every section of Texas, Louisiana, Arkansas and Oklahoma there comes complaints of losses during the present year in marketing a magnificent crop of fruit and truck. Farm

and Ranch estimates that there are approximately 50,000 car loads of fruit and truck produced in the four states of Texas, Louisiana, Arkansas and Oklahoma, which must be sold in three or four months' time, and suggests that it requires a high order of organization and intelligent co-operation to so distribute this large amount of food products that it will get into the hands of consumers. There are plenty of consumers for our products among the ninety million people of the United States; there is no over-production; on the other hand, we could sell several times our output if we displayed ordinary business judgment in disposing of it.

The trouble now is that there is little, if any, concert of action between growers in the marketing of products. The stuff is turned over to irresponsible men or shipped without regard to existing conditions in the few centers to which it is sent, instead of being generally distributed throughout the country with due regard to demand. The result is that while there is a glut at some points the consumer finds it impossible to supply his wants at others. Demoralization follows as a matter of course and the honest merchant who would prefer to deal with the grower direct is barred from doing so by the fear of loss which a market continually at the mercy of shippers engenders. Every grower in the state, no matter how small his acreage, is interested in the marketing problem and should try to attend the meeting that will be held in Dallas on October 19 for the purpose of attacking that problem with a view finding its solution.

BELL AND GATE SYSTEM.

Is Referred to Commissioners Gorman and Wright for Report.

The installation of the signal bell system and gates at street crossings where the Missouri, Kansas and Texas railway tracks are located, was referred by the commission to Commissioners Gorman and Wright yesterday. Judge W. E. Spell, of the firm of Spell & Sandford, district attorneys of the Katy, explained to the commission that the Katy did not want to maintain a lot of watchmen, who at best are superannuated men in capable of protecting the crossings, but that he was advised by Mr. Webb that the bells are to be put in at once and the gates later.

Commissioner Wright and Mayor Mackey, stated to Judge Spell that the commission took up the question of gates two years ago and that every friend the Katy had in Waco came up with a petition begging the commission to keep off the road.

Mr. Gorman stated that he had recently watched the operation of the gates and bells in connection in many cities in the north and that it is satisfactory. "The bell and gate together is absolutely safe," said Mr. Gorman.

Commissioner Littlefield did not want the streets blocked for long periods of time with gates while switching is being done.

Judge Spell explained that the switching is to be done in East Waco, as soon as the work there is completed.

Commissioner Wright—if you don't do something at Elm street pretty quick, you will kill a man a week.

Commissioner Gorman suggested a flagman to be put there until the bell can be installed.

The whole matter was referred to Gorman and Wright for a report.

WILL TAKE CHARGE OF SEWER.

City Serves Legal Notice on Contractor H. C. Gass.

Under instruction of the city commission, there is to be legal notice served on H. C. Gass, the contractor for the Provident Heights sewer, that unless the defects are repaired at once, that the city will take charge of the work and will finish it under the contract.

The matter was discussed yesterday at the meeting of the commission. Commissioner Gorman said: "The contract expired July 15, and if the English language means anything, this contract authorizes us to go in and take charge of that work at any time that it is not satisfactory, and to finish it. I move that Assistant City Attorney Saunders prepare a legal notice to be served at once upon H. C. Gass, advising him that unless the defects reported by the inspectors of the engineering department are repaired at once that the city will take control of the work."

ACCIDENTS AT DALLAS.

One Man Dead and Another in Critical Condition.

Dallas, Tex., Sept. 17.—Two men, one dead and the other unconscious, were in Dallas hospitals today, both of them with skulls fractured in street accidents yesterday evening.

INSURANCE IS TO BE REDUCED

STATE BOARD ORDERS MANY CHANGES IN THE GENERAL BASIS SCHEDULES.

CUT ABOUT TEN PER CENT

Inequalities Adjusted and Old Terms Corrected—Suggestions Made by Board's Legal Advisors.

Austin, Tex., Sept. 17.—The State Insurance board in an announcement today makes important changes in the regulations concerning fire insurance rates by which a considerable reduction is expected. The announcement follows:

To all companies, general, special and local agents coming under the supervision of this board and to the public:

After a practical application of the length of time to discover in some of its conditions and requirements, inequalities, which needed adjusting, the State Insurance board in conference with the general and special agents and field men, through the medium of a committee known as the bureau committee, which committee represents a majority of the companies doing business in this state have made a number of changes in the general basis schedules.

Old Terms Corrected.

Most of the changes are corrective of old terms, privileges and conditions as suggested by practical operations in the field of "application." Other changes embrace new matter added to the general basis schedule, made necessary, in the light of experience, and is explanatory of some of the previous terms and conditions. All correction and amendments have a tendency to reduce the cost of applying the schedules to specific rates as well as an ultimate reduction in rates by lowering some, removable, exposure and cumulative charges and by adding some additional credits obtainable in key rates by the adoption of reasonable suggestions, looking to the prevention, suppression and deterioration of fires with little or no cost to the communities who are vigilant and progressive enough to put into operation the suggestions offered by the board.

Reduction About 10 Per Cent.

It is impossible to approximate even what the general average reduction in rates will be since environment, physical condition of the various properties and lastly the volume of business that will be affected in the several classes of town will influence and determine the final result. It is believed, however, that with the cordial co-operation of individuals and of communities the average reduction, by and largely throughout the state should approximate, say 10 per cent over pre-existing rates.

The most important change or addition to the basis is made at the suggestion of the board's legal advisors, and relates to the board's power under the peculiar verbiage of the law to grant credit for good fire record of any city, town or village.

Our attorneys advise the board that while the evident intent of the law was that the good record of a town was intended to be measured and established under the terms, privileges and conditions of the law which makes schedule rating a statutory requirement, that the latitude of the board under the law is such as to warrant the board in establishing such standard as they may deem just, reasonable and fair, in advance of the making of such record under the present law.

Graded Percentage Credit.

Accordingly under such advice the board has formulated a graded percentage credit with a maximum credit of 15 per cent on the final rate of all risks in the corporate limits of any city or town that measures up to the required standard.

This is no inconsiderate reduction in its final analysis and the board has been influenced in its adoption of the plan as well as the credit allowed, by the hope that it will be an incentive to the various cities and towns in the state to vie with one another in maintaining and securing the lowest possible loss ratio and primarily in the adoption of reiterated recommendations made by the board to the various municipalities whereby they can still further reduce their rates.

The whole context of the law has a far greater significance than the ever present, almighty dollar and in the end is worth in its conservation features, its campaign for cleanliness, and removal of hazards, three-fold what any temporary advance in rates may or will cost the people. Improved risks and improved conditions mean an ultimate and substantial reduction in rates, and it is with the public as to how soon they will attain to the lowest rate possible under a system of rating just and fair to one and all alike. Remember the hazard makes the rate, and in the end the people pay the tax, just in proportion as they create and then tolerate unsafe conditions.

Basis For Credit.

The credit for good record is based upon the following conditions and is ascertainable from the record of the local agents of any city, town or village, and must embrace the losses paid by admitted, as well as non-admitted companies doing business in this state. The amendment is as follows:

"When a statement showing the loss ratio for a city or town for the three calendar years preceding is filed with the state insurance board by the mayor of the city or town and such statement has been approved by the state insurance board, the following credit will be allowed: For each 5 per cent or fraction thereof less than

LOWER SWITCH CHARGES ASKED

ALFRED A. EDWARDS OF WACO BEFORE RAILROAD COMMISSION AT AUSTIN.

OPPOSITION TO PETITION

Railroad Men Object to Allowing Second Hand Automobiles to Be Classified as Emigrant Movables.

Austin, Tex., Sept. 17.—Slow progress was made in the railroad commission hearing today. Propositions to compel the Texas and Fort Smith railroad to construct a depot at Texarkana and the Crosbyton and South Plains to build a depot at Ralls with station facilities, were continued.

Alfred A. Edwards, president of the White Rock Gravel and Sand Company, of Waco, urged a reduction of switching charges on sand and gravel, while J. S. Hetshey of the Santa Fe and Horace Booth, of the I. & G. N., objected to the absorption of such charges. J. L. West, of the Katy, agreed to apply certain switching charges; otherwise he would ask the gravel company to live up to its contract.

The proposition to apply Houston-Velasco rates to Galveston was urged by H. H. Haines and objected to by Horace Booth of the I. & G. N.

Railroad men objected to allowing second-hand automobiles to be included in carload shipments of emigrant movables, if loaded through the side door, fearing an imposition. They will submit in the next hearing a rate they believe will guard against it and be satisfactory.

The proposition to apply the Galveston rates to Port Aransas from points on the Brownsville, was killed by the absence of many material and interested parties. Emergency rates will be provided by the hearing pending final hearing. They will be on the Galveston basis.

The proposition of citizens of Sheridan to compel the San Antonio & Aransas Pass to provide depot facilities at that point was taken under advisement when the commission recessed for lunch.

The proposition to compel express companies to furnish ice for refrigerating car-load shipments of fruit, vegetables, and melons at fifteen per cent of the car load rate unless the actual cost of the ice is less when the actual cost is to be collected, was taken up. The same hearing proposed to reduce rates on watermelons, prescribing a rate from ten to twenty-five cents each, according to the general special rates.

The hearing on the watermelon rate was dismissed as there was no application for it. The icing rates were taken under advisement.

The spot to be built at South Bosque by the Cotton Belt was presented on paper by Chief Clerk Murray. There had been some objections that the waiting room was too small. The commission approved the plans and gave ninety days for the construction of the depot.

Continuance was ordered in the application of Hewitt on the Katy for separate waiting rooms. Improvements being under way there.

Proposed reductions on the rates on seed cotton, that is, unginned cotton, were dismissed, with approval of the petitioners.

New Railroad for Orange.

Bronson, Sept. 17.—The charter for the Orange Northwestern was filed with the secretary of state a few days ago. The road is to run from Orange to Niblett's Bluff, La., connecting with the Litcher-Moore road, which is well absorbed.

Frisco to Extend.

Newton, Tex., Sept. 17.—The contract has been let for the extension of the Frisco lines from Newton to Paris, a distance of 210 miles.

Lockhart Raises Bonus.

Lockhart, Tex., Sept. 17.—At a mass meeting held here, \$1500 was raised for the purpose of a preliminary survey of the line of railroad to be built from Austin to Lockhart.

Miss Nellie Buck will open her South Waco Academy Monday, Sept. 23. Old Phone 1529.

CUBS TAKE TWO OUT OF THREE

MARQUARD KNOCKED OFF THE MOUND IN THE SECOND AND THIRD INNINGS.

NAPS BEAT BOSTON TWICE

Carisch, Five Times at Bat, Makes Five Hits, Including a Triple and a Double.

New York, Sept. 17.—Chicago won the deciding game of the three-game series here today when they hit Marquard in the second and third innings. The score was 5 to 3. Crandall, who relieved Marquard, was invincible and held Chicago to three hits. Cheney was effective in every inning but the fifth, when New York bunched three hits with a ruff by Sheppard and scored three runs. Evers was put out of the game by Umpire Owens in the sixth inning when he was called out trying to stretch a single into a double.

Score—R. H. E.
Chicago 023 000 003—5 9 2
New York 000 000 000—3 6 1
Cheney and Archer; Marquard, Crandall and Meyers; Wilson.

Brooklyn 7, Pittsburgh 3.

Brooklyn, Sept. 17.—Brooklyn hit the ball hard today and defeated Pittsburgh 7 to 3. The visitors tried out four pitchers; Home runs by Daubert and Wheat in the fifth inning were the features. Wheat, Fisher and Wagner did great fielding. Charley Stengel, a Brooklyn optional purchase from the Southern League, made four singles, walked and stole a base. It was his first appearance.

Score—R. H. E.
Pittsburgh 101 100 000—3 8 9
Brooklyn 111 120 100—7 14 1
Ferry, Hendrix, Adams, Smith and Kelly; Blackburn, Rucker and O. Miller.

Philadelphia 7, Cincinnati 1.

Philadelphia, Sept. 17.—Philadelphia's losing streak was broken today when Cincinnati was defeated 7 to 1. The visitors were unable to solve Boston's delivery. It being his fifth victory over Cincinnati this season. The game was won in the third, when the home team bunched three hits off Sugars, coupled with three errors and a passed ball by Cincinnati.

Score—R. H. E.
Cincinnati 000 001 000—1 4 4
Philadelphia 000 010 200—7 11 1
Sugars, Harter and Severoid; Seaton and Dooin.

Boston 5, St. Louis 4.

Boston, Sept. 17.—Boston made it three out of four from St. Louis by winning today, 5 to 4. Perdue pitched a good game. Boston hit all three St. Louis pitchers, scoring on each. Evans hit safely each of his three times at bat.

Score—R. H. E.
Boston 000 103 100—5 11 2
St. Louis 000 003 001—4 12 2
Perdue and Kling; Ferritt, Steele, Geyer and Bresnahan.

American Ass'n

At Toledo-Indianapolis, wet grounds.
At Milwaukee-St. Paul, wet grounds.
At Columbus, 2; Louisville 4.
At Kansas City 4; Minneapolis 6.

American League

Cleveland 4-3, Boston 3-2.

Cleveland, Sept. 17.—Cleveland took two games from Boston today, thereby preventing the leader from clinching the 1912 pennant. Both games were close, Cleveland winning each time in the final turn at bat. The first game, a pitchers' battle between Collins and Gregg, went 11 innings, finally being lost by Boston on successive hits by Turner, Jackson and Lajoie. Carisch featured in this game by making three singles, a double and a triple in five times at bat. In the second game, after Boston had taken the lead in the fourth

Happy?—Yes!

My cigar dealer put me next to a fine mild cigar the other day—and say—he has got the right idea—he says, the tasteless "sumatra" wrapper used on

Lawrence Barrett

does not interfere with the fine old Santa Clara Cuban tobacco used in the filler. The O. K. Perfecto shape at 10c straight, hits me for—taste—size and style.

DECLINE FOLLOWS ADVANCE

FAIR COTTON YIELD IN TEXAS IS PREDICTED.

This, Together With Favorable Weather Reports in the South, Holds the Market Down.

New York, Sept. 17.—A very sharp early advance was followed by an equally sharp decline in the cotton market today with the close steady, net three points lower to five points higher.

The market opened firm at an advance of 8 to 10 points and sold 18 to 20 points net higher during the early trading. Better cables than due and private advices attributed the strength to active trade buying of Liverpool, combined with private condition report, indicating a deterioration of over six per cent in the crop during the first half of September were factors on this advance. Yesterday's local sellers seemed to be covering, while there was also much buying for long account, but offerings became very heavy about 11:30 for January and the market turned easier.

Favorable weather reports from the south, a message from a traveling crop expert claiming that Texas was assured for a good to a fair yield, and reports of free southern hedge selling probably inspired much of the pressure late in the forenoon.

Demand showed a tendency to fall off after the close of Liverpool market became very weak and unsettled during the early afternoon. Another private crop report indicating a deterioration of about five per cent in condition, and the failure of either this report or of the weekly weather review to inspire fresh buying added to the aggressiveness of sellers. Prices broke more than 20 points from the early high level, with the active months selling about 3 to 7 points net lower before 2 o'clock. Later there was a rally and the market closed five to 7 points up from the lowest on covering on reports that cotton worms were damaging the crop in northern Louisiana.

Receipts 56,713 bales against 50,577 last week and 63,796 last year; today's receipts at Galveston 38,734 against 32,492 last year; New Orleans 10,550 against 33,653 last year and at Houston 24,744 against 27,022 last year.

Range of Futures.
Cotton futures closed steady:
Open. High. Low. Close.
Jan. 11.48 11.58 11.35 11.40
Feb. 11.54 11.64 11.51 11.47

Nov. 12.22 12.28 12.02 11.94
Dec. 12.30 12.36 12.10 12.02

New Orleans, Sept. 17.—Cotton futures opened steady at an advance of nine to eleven points on good cables and a private bureau report showing a loss in condition of the crop of six points for the first half of September. Around the call buying was heavy but the demand soon slackened because of extremely bearish crop accounts from Texas and cable messages from Bremen stating that there was no demand for cotton. At the end of the first half hour prices were nine to ten points over yesterday's close.

The market did not hold well at the advance, crop accounts from the western belt being bearish enough to have considerable influence and caused a moderate volume of short selling which the ring found difficult to absorb. Recent buyers turned sellers in an effort to realize profits and increased offerings. The market gradually acquired an easy undertone and at noon was one to five points under the last quotation of yesterday. At no time during the morning did the market make any great show of strength.

In the afternoon the market was dull and featureless. At 2 o'clock prices were one to two points under yesterday's close on the more active demands.

Range of Futures.
Cotton futures closed steady at a net advance of seven to nine points.

SPOT COTTON.
Liverpool.
Liverpool, Sept. 17.—Cotton spot in fair demand, prices easier. American middling fair 7.50d, good middling 7.60d, middling 7.70d, low middling 7.80d, good ordinary 6.90d, ordinary 5.52d.

Sales 8000 bales, of which 500 were for speculation and export and included 5500 American.
Receipts 4000, including 2100 American.

New Orleans.
New Orleans, Sept. 17.—Spot cotton easy, middling 11½c, sales on spot 804, to arrive 20, low ordinary 7 13-16c, ordinary 8½c, good ordinary 10 1-16c, strict good ordinary 10 7-16c, low middling 10½c, strict low or middling 11 1-16c, middling 11½c, strict middling 11½c, middling 11½c, strict middling 11½c, good middling 11 1-16c, strict good middling 11½c, middling fair 12 3-16c, fair to fair 12 9-16c, fair 12 13-16c. Receipts 1050, stock 24,459.

New York.
New York, Sept. 17.—Spot cotton closed quiet, middling uplands 11.75, middling gulf 12.00; no sales.

Houston.
Houston, Tex., Sept. 17.—Spot cotton closed quiet, 1-16c down. Low ordinary 6 13-16c, ordinary 7 13-16c.

Good ordinary 8 13-16c, low middling 10 9-16c, middling 11 9-16c, good middling 11 13-16c, middling fair 12 1-16c. Sales 472, f. o. b. 4470, shipments 18,030, stock 88,588.

Galveston.
Galveston, Tex., Sept. 17.—Spot cotton closed steady, 1½c down. Low ordinary 7½c, ordinary 7½c, good ordinary 8½c, low middling 10½c, middling 11½c, good middling 11 13-16c, middling fair 12 1-16c. Sales spots 300, f. o. b. 1517, receipts 38,754, stock 191,041.

Liverpool Futures.
Liverpool, Sept. 17.—Futures opened easier and closed steady: Sept. 6.50d, Sept.-Oct. 6.35½d, Oct.-Nov. 6.31½d, Nov.-Dec. 6.26d, Dec.-Jan. 6.26d, Jan.-Feb. 6.27d, Feb.-March 6.28d, March-April 6.29d, April-May 6.30d, May-June 6.31d, June-July 6.30½d, July-August 6.00d, 6.00d.

LOCAL COTTON MARKET

PRICES DO NOT HOLD UP DURING THE DAY.

Farmers Keep Posted and Are Not Selling—Receipts Fall Off.

On a better Liverpool market American markets opened up ten points, which advance was maintained until just before the close when nearly all the advance was lost on New York Bears selling. Some reluctance is shown by farmers to sell under eleven cents and for that reason receipts were not liberal yesterday, possibly 275 bales. Farmers keep well posted on the cotton markets in this country. Prices Tuesday morning in Waco were:

Good middling 11.55
Strict middling 11.25
Middling 11.15
In the afternoon prices receded 1-16 of a cent.

The receipts in Waco yesterday were 275 bales, as compared with 204 last year. This is a falling off compared with the few days previous.

LIVESTOCK.
Fort Worth.
Fort Worth, Sept. 17.—Receipts at the Fort Worth stock yards Tuesday consisted of 3000 cattle, 1500 calves, 1050 hogs, 2000 sheep and 200 horses and mules. In the cattle division the trade was a little more lively than on Monday, but, with the exception of calves, which were strong, values were not better than steady. Several cars of Mexican steers were a hand, these selling at \$4.25 to \$4.45. A car of good calves from West Texas notched \$7.50. Hogs sold on a slow and 10-cent-lower market. Sheep were steady, lambs bringing \$6.50 and ewes \$4.

Cattle receipts 4500, market steady, steers \$4.25 to \$4.55, calves \$4.55 to \$5.00, hog receipts 1-1050, market 10 cents lower, tops \$9.25. Sheep receipts 2000, market steady, lambs \$5.50 to \$6.50, sheep \$4.50 to \$5.50.

Kansas City.
Kansas City, Sept. 17.—Cattle receipts 21,000 including 2400 southern; market steady to shade lower, calves 25c higher, dressed beef and export steers \$8.50 to \$9.75, fair to good \$6.50 to \$8.50, southern steers \$4.50 to \$5.25, southern cows \$3.25 to \$3.50. Hog receipts 1-000, market steady to 10c to 15c lower, bulk of sales \$3.35 to \$3.65, heavy \$3.35 to \$3.65, packers and butchers \$3.45 to \$3.70, lights \$3.45 to \$3.70, pigs \$3.60 to \$3.70. Sheep receipts 13,000, market steady to weak, lambs \$6.75 to \$7.25, yearlings \$4.50 to \$5.50, wethers \$4.40 to \$4.50, ewes \$3.50 to \$4.00, stockers \$2.50 to \$4.25.

St. Louis.
St. Louis, Sept. 17.—Cattle receipts 4500, including 500 Texans; market steady, native shipping and export steers \$8.50 to \$9.50, dressed beef and export steers \$8.50 to \$9.50, stockers \$4.25 to \$5.25, Texas and heifers \$3.75 to \$5.50, \$5.50 to \$6.00, market 15c to 20c lower, pigs and lights \$3.85 to \$4.15, mixed and butchers \$3.50 to \$3.85, good heavy \$3.60 to \$3.85, sheep receipts 5100, market steady, muttons \$3.65 to \$3.85, lambs \$3.50 to \$3.70, stockers \$2.75 to \$3.50.

Chicago.
Chicago, Sept. 17.—Cattle receipts 6500, market steady to weaker. Beves \$5.75 to \$6.00, Texas steers \$4.55 to \$6.25, western steers \$5.70 to \$6.15, stockers \$4.20 to \$5.15, cows and heifers \$2.90 to \$3.60, calves \$3.10 to \$3.50. Hog receipts 18,000, market weak, 10c to 25c lower, light \$8.10 to \$8.70, heavy \$7.75 to \$8.55, rough \$7.75 to \$8.55, pigs \$3.50 to \$3.80, bulk of sales \$3.10 to \$3.60. Sheep receipts 40,000, market steady to 10c lower, native \$3.50 to \$4.50, western \$3.60 to \$4.50, yearlings \$4.70 to \$5.80, lambs, native \$4.85 to \$7.55, western \$4.90 to \$7.60.

COTTON SEED PRODUCTS.
New York.
New York, Sept. 17.—Cotton seed oil lower for nearby delivery under easier crude markets, liquidation and with the break in land. Later months, however, were generally steady on demand from shorts, moderate export inquiry and support from rollers. September closed 20 points lower, October 7 lower and other months 3 lower to 1 higher: Sept. 6.16c, Oct. 6.08c, Nov. 5.94c, Dec. 5.89c, Jan. 5.90c, Feb. 5.90c, March 5.94c, May 6.06c, prime crude 4.65 to 4.74c, prime summer yellow 6.25 to 6.30c, prime winter yellow 7.10 to 7.50c, prime summer white 6.80c. Total sales 13,000.

Memphis.
Memphis, Tenn., Sept. 17.—Cotton seed products prime basis oil 5.34c, 4c, meal \$26.50 to \$27.00, linters 2½c to 4c.

St. Louis Wool.
St. Louis, Sept. 17.—Wool steady, 23½c to 26c, light fine 19 to 21c, heavy fine medium grades coming and clothing 13 to 18c, tub washed 27 to 30c.

WHEAT CLOSE IS FIRM

FUTURES STUBBORN THROUGHOUT THE DAY.

Actual Supply of Contract Grade Limited—Renewal of Frost Predictions Strengthens Corn.

Chicago, Sept. 17.—Wheat futures showed stubbornness today because the actual supply of contract grade here is limited, although the prospective amount is enormous. The market closed firm, varying from ¼ off to ¼ @½c up. Corn finished the same as last night to 1½ advance, oats at a gain of a shade to ¼@½c and provisions from unchanged to a decline of 25c.

Option trading in wheat failed to reflect further the size of the oncoming crop. On the other hand spot dealings were demoralized, the pressure of all grades below contract being heavier than could be withstood. Receivers found it hard to sell even at greatly reduced prices.

For awhile the non-appearance of predicted frost depressed corn. The market, however, gradually hardened owing to renewal of the frost forecast, and because of wet weather interfering with shipments. Cash grades were in good demand.

Rains promising to curtail receipts gave some strength to oats. December sold from 21½ to 22½c, with the close at the last named level, 1-16c above last night.

Longs unloaded provisions freely as a result of the weakness of the hog market. Pork displayed the least stamina, and in the end was off 20 to 25c. Leading futures ranged as follows:

Article	Open	High	Low	Close
Wheat	92	92½	91½	92
Sept.	92	92½	91½	92
Dec.	90½	91	90½	90½

Cash quotations were as follows:
Flour—Active, steady.
Rye—No. 2, 68½c.
Barley—Feed or mixing 40 to 52c, fair to choice malting 60 to 71c.
Timothy seed—\$2.50 to \$2.75.
Clover seed—\$17 to \$17.50.
Meadow—\$17 to \$17.25.
Lard (in tierces)—\$10.82½.
Short ribs (loose)—\$10.52½.

Grain Statistics.
Total clearances of wheat and flour were equal to 376,000 bushels. Primary receipts were 2,742,000 bushels, compared with 1,066,000 bushels the corresponding day a year ago. The world's visible supply, as shown by Bradstreet's increased 7,659,000 bushels. Estimated receipts for tomorrow: Wheat 200 cars, corn 258 cars, oats 253 cars, hogs 27,000 head.

Kansas City.
Kansas City, Sept. 17.—Close: Wheat Sept. 88½c, Dec. 85½c to 85½c, May 38½c to 38½c; Corn, Sept. 67½c, Dec. 66½c to 66½c, May 48½c to 48½c; Oats, Dec. 32½c, May 34½c to 34½c.
Receipts: Wheat 184,000, corn 13,000, oats 10,000.
Shipments: Wheat 280,000, corn 22,000, oats 9000.

St. Louis.
St. Louis, Sept. 17.—Close: Wheat, Dec. 91½c to 91½c, May 93½c to 93½c; corn, Dec. 49½c, May 50½c; oats, December 31½c, May 34½c.

POULTRY, EGGS AND BUTTER.
Chicago.
Chicago, Sept. 17.—Butter steady, creameries 24 to 28c, dairies 22½ to 24½c; eggs firm, receipts 7239, cases, at mark, cases included, 17½ to 18½c, ordinary firsts 19½c, firsts 21½c.
Poultry, alive firm, turkeys 14c, chickens, heavy 14½c, light 12½c, springs 15c.

St. Louis.
St. Louis, Sept. 17.—Poultry firm, chickens 12c, springs 14½c, turkeys 16½c, ducks 12c, geese 5 to 10½c, butter firm, creamery 25 to 29c; eggs firm, 20c.

Dry Goods.
New York, Sept. 17.—New silk fabrics are being shown for spring men's wear. The cotton markets hold steady with a good duplicate business being booked. Men's wear markets are in a stronger position than for some time.

Big Hog Receipts.
Fort Worth, Tex., Sept. 17.—The Swift and Armour packing plants located in this city are receiving daily a total of 4000 head of hogs from out of state points. Approximately \$250,000 is being sent out of the state monthly to make the purchases.

Investigate Suspicious Death.
Chicago, Sept. 17.—The investigation of another suspicious death by the exhumation of the body of Esther Harrison may result from the inquiry into vice conditions in West Hammond, Ind., instigated by Miss Virginia Brooks. This action, it is expected, will be taken upon information given by Coroner Hoffman by Miss Ethel Parker, alias Frankie Ford, a former inmate of the resort of Henry Ford, where the investigation up to date has been centered, since the death there of John Mesnaker, said to have been poisoned.

LOCAL WHOLESALE MARKET

IT IS BETWEEN SEASONS FOR CORN MEAL AT THIS TIME.

Lemons Sold for Eight Dollars a Box Yesterday—Visitors from Other Towns.

The quality of meal on the local markets at this time is unusually poor, according to wholesalers, and all efforts to procure a better grade have been unsuccessful so far. The poor grade of meal is attributed to the between season scarcity of good available corn. The mills haven't begun grind new corn, and practically all the good corn of the old crop has been exhausted. Mills are expecting shipments of good meal corn daily but so far none have been procured. Something like a meal famine is on in Waco, not that there is not plenty of meal, but because of the scarcity of good meal.

Prices in the wholesale district remained at a standstill yesterday. For the first time in several days there was no activity in the iron goods market. There was also no changes in NEWS THREE meat products, sugar, coffee, or other products.

Lemons sold for \$8 per box yesterday, the highest of the present year. A further advance is predicted.

Leather goods continue to advance, the advance having been steadily in progress for several weeks. No material change in the price is noted in yesterday's local markets, however. J. H. Fullenwider, representing the Louisville Paint & Color Co., of Louisville, Ky., is working the Central Texas trade placing the products of his company through the Behrens Drug Co.

Out of town merchants in Waco yesterday were:
At Herrick Hardware Co.—F. F. Reed of Rosebud; G. L. Roxborough of Corsicana.
At Behrens Drug—W. K. Hardman of Dallas; L. R. Alexander of Marlin; A. G. Walton of Otto; Dr. Maynard of Rosenthal; W. G. Ruble of Lott.

At Tom Padgett Co.—C. W. Boyd of Lorena, and Mr. Wolfe of the Penelope Hardware Co. of Penelope.
At Waco Drug Co.—Dr. Pryor of Anderson & Pryor, druggists of Lott, and W. G. Ruble, druggist of Lott.
At Rotan Grocery Co.—W. S. Webb of Robertson.

At Sanger Bros.—G. T. Epstein, Marlin, Texas; J. T. Phillips, Watt, Texas; McColium & Russell, Pendleton, Texas; F. F. Reid, Clarkson, Texas; Mrs. W. R. Cavitt, Leon Junction, Texas.

STOCKS ARE WAKING UP
GREATER ACTIVITY IS SHOWN IN THE TRADING.

Gains from 2 to 3½ Cents Made in About Twenty Issues and Advantages Is Maintained

New York, Sept. 17.—Trading in stocks today took on wider scope and greater activity, under lead of Reading, Union Pacific and United States Steel.

By noon other standard railroad issues and a few of the better known industrials were included in the general advance.

In the final hour, despite realizing for profits and some stubborn bear opposition, gains ran from 2 to 3 1-2 points in more than a score of stocks of various character, much of this advantage being maintained at the close.

No special news accompanied the advance, which was in no wise deterred by 5 1-4 per cent money, albeit a large part of the day's gains were negotiated under that figure. An unexplained feature of the session was a sudden slump of 4 points in Westinghouse Electric, regardless of the action of the directors in advancing the stock from a 1 to 4 per cent basis.

The drain of gold from the English market continues. The total for the eight months of the calendar year is over \$29,000,000 in excess of the same period of 1911.

Bonds were strong in sympathy with stocks. Total sales per value \$2,600,000. Federal States government bonds were unchanged on call.

Mrs. Sneed Not in Georgetown.
Georgetown, Tex., Sept. 17.—Reports that Mrs. J. B. Sneed is in Georgetown are denied by her acquaintances here.

TO THE PATRIOTIC CITIZENS OF TEXAS AND THE GREAT SOUTHWEST

Never in the history of finance or Trust Company business in this country has there been a more favorable moment than the present for the launching of a modern Trust Company such as the

Continental Trust Co. of Waco, Texas

Immense fortunes have been and are being made in Trust Companies, the most profitable of all legitimate business. There is a growing sentiment toward the upbuilding of home institutions of every kind, and especially in regard to Trust Companies. The financial statistics of this country for the past twenty years have demonstrated beyond a doubt that those who have invested in Trust Company stock at the time the companies were organized have made a great deal more money than in any other kind of investment. Trust Company stocks earn in dividends, surplus, undivided profits and premiums on an average from 25 to 30 per cent a year. The average profits of fourteen Trust Companies, large or small, for 1911, were 42.5 per cent.

There is No Safer or More Profitable Investment than the Stock of The Continental Trust Company

The Continental Trust Company of Waco, Texas, incorporated under the laws of the State of Texas, with an authorized capital of \$1,000,000, is offering to the public a limited amount of its capital stock at \$105 per share, par \$100, on the following terms: \$30 cash per share with subscription, and the balance due in three equal semi-annual payments of \$25 each, due in six, twelve and eighteen months. On this plan you could take ten shares and mail your check for \$300 and the balance in three payments of \$250 each, due in six, twelve and eighteen months.

We are prepared to cash your vendor's lien notes, stocks, bonds or other approved securities in payment for stock in our company. If you would like an investment for permanent income—safe, profitable, secure and always increasing in value, we commend you to buy Continental Trust Company stock now.

TRUST COMPANY STOCK IS ALWAYS A CASH ASSET.

DEMOCRATS ARE AGAINST BOSSES

VICE PRESIDENTIAL CANDIDATE MARSHALL SO DECLARES AT HANNIBAL.

SPEAKS AT HANNIBAL, MO.

High Cost of Living and Special Privileges Should Be Limited—Trust System Demanded.

Hannibal, Mo., Sept. 17.—Governor Thomas R. Marshall, democratic candidate for vice president, in a speech here tonight, declared that the democratic party was the only one which offered relief from political bosses.

"It rarely happens that a man voting a ticket gives his unqualified support to every plank of the platform. It is only a blind and dear woman who unreservedly declares her husband perfect. A woman, neither blind nor deaf, may so declare, but what she really means is that he is comparatively perfect, that he is better than other husbands. Your duty and mine, therefore, is to support that party whose platform offers the best solution of the problems in which we are interested.

"I hazard the assertion that just now the three things which you most desire to have eliminated are the boss in politics, the high cost of living, and special privileges.

"Suppose you regard the grievance of the boss as the most vital. How does he become vital save as the agent of special privilege? What good will avail to fight a few little bosses and stand by the big boss of bosses, who, himself, stand upon a platform of special privilege? The progressive

candidate for president boasts of being a destroyer of bosses just as the sailor in the 'Yarn of the Nancy Ball' boasts of destroying his comrades. He ate them all that he might sing: 'Oh, I am a cook and a captain bold And the mate of the Nancy Brig. And a bo'sun-tide and a midshipmite And the crew of the captain's gig.' No Solution By Other Parties.

What solution of the boss and trust systems does either the regular or progressive offer? None. Each is in favor of changing the unlimited partnership of government and special into a limited partnership. It is to be vested interests from now on, not coated, vested and painted interests as heretofore. It is to be lawful to take a horse but unlawful to take a team. As a matter of fact, as long as one citizen can, by operation of law take without my consent one cent out of my salary he has a special privilege and the law that permits him to do so is a bigger boss than any man born of woman.

"The heart of the evil, the root of the wrong, is special privilege. And against it the democratic party declares it has an age-old and never-ending fight. Will you be in at the death? As it was necessary that Carthage be destroyed that Rome might live, so special privilege must be destroyed that constitutional government may survive.

YOM KIPPUR SACRED DAY

IT IS THE TENTH OF THE NEW
YEAR IN JEWISH CAL-
ENDAR.

BEGINS FRIDAY EVENING

Observant Jew Abstains from Food.
Services at the Synagogue and
at the Temple.

"The Day of Atonement, or Yom Kippur, is the most sacred of all Jewish holidays. It occurs this year on Saturday, September 21, beginning, as do all Jewish holidays, on the evening of the day previous and closing at sundown on that day. In the Jewish calendar it falls on the 10th day of 7th month, Tishri, and is the culmination of ten days of solemn meditation and reflection, that began with the New Year.

"It is ordained in Leviticus xvi:29-34, and is scripturally known as a 'Sabbath of Solemn Rest,' i. e., of complete cessation from all ordinary avocations and occupations. This includes even the satisfying of the wants of the body. The observant Jew abstains completely from all food and drink during the continuance of the day. This fast is the interpretation of the passage 'ye shall afflict your souls on this day' and is in keeping with the spirit of the day, i. e., the subordination of the physical to the spiritual side of our nature. It is a day devoted to prayer and penitence, a day wherein, through confession and contrition, the soul aims to be at one with God, to seek His mercy and earn His pardon.

"The ancient service of the day, with its elaborate ritual and imposing priestly sacrifice and confession, has disappeared before the truer spiritual significance, that makes it appeal to each individual heart and to each single soul. The service lays less stress upon the divine grace and mercy that are freely held out to the sin-laden breast through penitence and contrition. The great lesson of the day is that a contrite heart and an humble spirit are God's most acceptable sacrifice and that the fountain of His freely flowing forgiveness is inexhaustible.

"The Day of Atonement will be solemnly observed by the Jewish congregations of Waco. At the synagogue on Columbus street as well as at the temple on Washington the services will be intensely impressive.

"The services at the temple on Friday night will begin at 7:30 and on Saturday morning at 10 o'clock. The concluding services of the day take place at sunset.

MEMBERSHIP RACE IS ON

Y. M. C. A. FELLOWS ARE BOOM-
ING THE CONTEST.

Captain Moore's Team Takes the Lead
at the Start—Fisher Got
Off Bad.

The first lap in the race for members for the Y. M. C. A. has been exciting in the extreme but as they pass under the wire Capt. Moore has a slight lead. Captain Fisher's team got a poor start and could not overtake their rivals in this lap but are beginning to take up the pace now, so that he freely predicts that his team will be in the lead on the second lap.

The rules that govern the race are as follows:

Every new member (renewals count also) will count as follows: Senior 10 points; intermediates, 6 points; juniors, 4 points; each dollar paid in counts one point.

The first team to secure a hundred points will be given 15 extra points.

The contest closes Friday, Sept. 27, at 8 p. m. There will be a banquet Monday, Sept. 30, at which the winners will be guests. State Secretary Coulter will be the guest of honor on that occasion.

W. W. Pryor states that if any man in the city secures more members than he does he will have to rise up in the morning and work late at night, while W. W. Woodson, the new whirlwind from Mart, Texas, says "watch my smoke."

Gib Hunter states that he expects to ring members in faster than he can goals in a basket ball game, and T. H. Bridges states that nothing can keep a life insurance man down and expects to demonstrate that he is the odds. J. K. Miles and H. W. Carver expect to put on a fifty-yard dash for final honors.

E. A. Griffith does not expect to occupy the upper berth with Mr. Griffith but will be seen on the field of action, which means that something is going to drop.

Watch tomorrow's Morning News for results, they will be there, if you don't happen to have one, get it for this is going to be a real classy fight.

Shacks Ordered Torn Down.
Houston, Tex., Sept. 17.—At the session of the city commission yesterday afternoon, an ordinance was adopted ordering the removal of all shacks and flimsy construction from the residential and business districts. Announcement is made that it will be strictly enforced.

S. B. Holman Appointed.
Amarillo, Tex., Sept. 17.—The Chamber of Commerce has secured the services of S. B. Holman, who is recognized as one of the most capable secretaries in the state.

PURE FOOD CAMPAIGN

CITY CHEMIST HAS COMPLAINED
OF MILK SELLERS.

Those Failing to Conform to Ordinance Are to Test the Matter.
Other Cases.

Six dairymen will appear in the city court this morning to explain just why they have failed to secure licenses, due in May, to do business in Waco. Eight others, against whom complaints were filed, will not be prosecuted as they have since secured licenses.

Those against whom charges are filed are L. B. Daugherty, W. M. Moncrief, C. E. Poe, Green Bros., Fannin and John Riggler.

"These men were all given warning from time to time that their licenses were due," said Dr. Hoke, city bacteriologist, when seen yesterday.

Dr. Hoke further expects the work of the examination of the various brands of the dairymen to begin, either by the state or themselves, within a few days. If the state makes the examination, the dairymen will be charged with the cost of work and also will be prosecuted should any of his cattle be found to be tubercular. If they are examined at their own expense and a report made by a veterinarian, they may avoid the prosecution.

A strenuous campaign is to be launched by Dr. Hoke at once against merchants who display fruits and vegetables before their stores on the streets. Whether screened or not, all fruits and vegetables will be ordered kept within doors within a short time, and even when within doors, they must be carefully screened to keep off the flies. When located on the sidewalk, however, well screened, Dr. Hoke says that the dust, and the germs with which it is laden, settle on the fruits.

CAR COMPANY SIDINGS

COMMISSIONER GORMAN WILL GO
OVER ALL THE GROUND.

And Report at Next Meeting—Only
Objection is to Herring
Avenue

The ordinance granting additional franchise rights to the Southern Traction Company, on North Fifth street and on Herring avenue, was introduced yesterday at the meeting of the city commission, read the first time and laid over until the next meeting.

The ordinance as drawn provides for the additional sidetracks which were asked for by the street railway company, which were enumerated in the Morning News a week ago, Commissioner Gorman, however, desires to go over the ground carefully and ascertain just where these sidetracks will be, before he agrees to them. He was furnished with a blue print yesterday and he will make a personal investigation before reporting to the commission, and on the second reading the ordinance will be amended to suit the report which he will make.

Mr. Gorman stated yesterday that he did not see any objection to the request made by the traction company except that as to Herring avenue, that street is less than forty feet wide, and to put a double track between Fifth and Sixth streets, will interfere seriously with traffic.

The members of the commission believe that if a double track allowed on Herring avenue that it will be used as a terminal; that all cars running between the city and Cameron Park only, will be turned at that point, and that it will result in a congestion of cars on Herring avenue switch. The commission believes that the traction company should take advantage of the right already granted to run the Cameron Park cars east on Herring avenue from Fifth, directly to the entrance to Cameron Park, south on Fourth to Proctor street, and west on Proctor to Fifth, making a belt around a couple of blocks, which will give a continuous run, and enable the people going to Cameron Park to get off directly at the park entrance.

Allan E. Sanford, of the firm of Snell & Sanford, general attorneys, presented the matter to the commission. Assistant City Attorney Saunders read the ordinance. When it was found that the ordinance provided that the car company shall pay the expense of pavement and maintenance of all paving eighteen inches outside of the south track and eighteen inches outside of the north track, there was a suggestion that this was a mistake.

"No; that is correct," said Mr. Gorman. "You see we overlooked that when we paved Austin avenue, and we found ourselves with a narrow strip in between, the double tracks we had not bargained for. Under this new ordinance you take care of the strip between the double tracks of your switches."

Wedded Last Night.
At the home of Mr. and Mrs. W. W. Bryant, 609 Tyler street, at 8 o'clock last evening, Miss Ruby C. Bryant became the bride of Mr. A. L. Kinard of Beaumont. Rev. B. S. Crowe, of the Methodist church of Loving, Texas, officiating. A large number of friends were present. The house was beautifully decorated for the occasion, the decorations having been put in place by O. K. Payne, assisted by Joe Thompson.

Mr. Kinard is one of the most popular young men of Beaumont and is well known in Waco as a result of his frequent visits to this city within the past two years.

The wedding last night was the culmination of a romance of two years' standing.

Mr. and Mrs. Kinard left last night for Beaumont, their future home.

DEAF TO HELP IN WACO WORK

MUTES HAVE AN ORGANIZATION
AND IDEALS ARE OF A
HIGH PLANE.

FOR COTTON PALACE SHOW

Will Work for Their Alma Mater—Do
Not Ask for Sympathy, but Want
Terms and Legations.

"The Brazos Club" is an organization of the deaf of this county who are anxious to help themselves, their fellows and their community. The organization has been in existence a year, but they are modest folk, and they have not paraded their affairs before the people. The Morning News heard about them, and being interested in what they are doing and the plans they have to make an interesting exhibit at the Cotton Palace, information was asked of Harvey L. Ford, the secretary-treasurer. The story is given just as he has written it at the request of the Morning News, the written language of the man who cannot hear and cannot talk being presented that those who read may see just how well the state institution for the deaf and dumb educates their students. The "interview" follows:

The Brazos Club.
"That a great deal of good can be accomplished through organization and co-operation is an old saying. Whether it's a bankers', merchants', lawyers', farmers' or labor organization, does not matter. Such organizations always pull for the best interest of their particular organization and sometimes are called upon to combat unreasonable things that sometimes happen.

The deaf of Waco have long realized this is true and a little more than a year ago they got together and organized a club known as the "Brazos Club." The objects of this organization might interest many readers. The main object of this club is to further the interests of the deaf, locally, as far as possible and also statewide when it is possible. The officers of this organization are Tom Jackson, president, and Harry L. Ford, secretary-treasurer. There were hardly a half dozen members when this club was organized but today its membership is almost three times as big as when it was first organized. In order to accomplish anything we must have funds and to meet this each member pays a small monthly dues. Waco's deaf population has materially increased since its organization. Whenever a deaf mute comes to our city looking for employment, he is assisted as much as possible toward securing it.

"The members are religiously inclined and early in the spring a Bible class was organized at the Columbus Street Baptist church with Mrs. Weatherly as teacher. Mrs. Weatherly is quite good in the use of signs and all of us understand her.

Cotton Palace Exhibit.
"This club as a whole never fails to boost Waco whenever the opportunity is afforded us, and last spring the idea to have an exhibit of work done by the deaf of this state, at the Cotton Palace this fall struck us and it was taken up in earnest. The superintendent of the school for the deaf at Austin was communicated with and the matter was laid before him, strongly urging his assistance and co-operation. To this he gladly gave his word that he would do all in his power to help. In the school the young are taught various trades, besides receiving their education, thus fitting them up to make their own way in the world after they finish school. Among the trades taught are tailoring, printing, shoemaking, painting, carpentering and engineering for the boys, and art and dress-making for the girls.

"Every department will have an exhibit at the Cotton Palace. Also many of the elder deaf who are now making their own way—the world will have exhibits of their own work. A booth will be set aside for this and it is intended to have a man there all the time to explain anything that visitors may inquire about.

Have Cotton Palace Stock.
Several members of this club are stockholders in the Cotton Palace. Mr. Hoffmann and the other officers of the Cotton Palace have always been most cordial toward us and given us all the encouragement possible. This matter is in charge of a committee of three, composed of Harvey Ford, chairman, Tilden Smith and Tom Jackson.

We want to educate the public to the fact that the deaf, as a class, are competent workmen and thus remove any unfavorable or uncomplimentary thought that may exist if there is any at all.

Gratitude to Alma Mater.
"Then, too, we want the public to see what good our Alma Mater has done for us. We feel we owe her a debt of gratitude and wish to return it as far as it lies in our power. For years the school has been seriously handicapped by inadequate appropriations and as a consequence many deaf children of school age have had to be denied admittance. This is a serious mistake on the part of the legislature and this club intends to bring pressure to bear on the legislature to be more generous in future appropriations. Surely a deaf child is as much entitled to an education as a hearing child and there is absolutely no reason why he should be denied such. Educate them and they will turn out to be respectable citizens; otherwise they will be a burden to the community in which they live as the case in some instances.

"Before closing this article we want to caution the public against

one thing and that is persons pretending to be deaf and soliciting alms. As a matter of fact we rarely ever hear of a real deaf mute soliciting such. But the public can not always distinguish between an impostor and a real deaf mute. All over the United States the deaf are waging war on impostors. That these impostors hurt the deaf as a class, though no fault of ours, can not be denied. In Minnesota the Association of the Deaf of that state succeeded in persuading the legislature to pass a most drastic law against impostors, and this club will endeavor to secure one in this state of ours at the next session of the legislature. We, as a class, do not ask for sympathy. What we want is a fair and square deal.

WILL FIGHT THE CASE

RABBI WARSAW AND COMMITTEE
BEFRIEND YOUNG MAN.

Boy Who is Fined on Charge of Ice
Theft Is to Get Another
Chance.

Although a new trial has been denied Henry Schneider in the county court, his last recourse has not been exhausted, and he is not without friends to fight the case for him to an appeal.

Schneider was employed as a news butcher on the Cotton Belt trains out of Waco. He was arrested on a charge of theft, the property stolen being 5 cents worth of ice. He was tried before a jury, and was convicted, his contention being that he had bought the ice from a negro. He was sentenced to one day in jail and the fine and costs amounted to \$32.

Being without money to pay the fine, it means a service for the county of fifty-nine days. When the report of the unusual case was noticed in the Morning News there was a meeting of members of the congregation of Rodet Sholem after Temple services on Friday evening, and a general discussion followed. It was decided that the matter should be investigated. Some favored paying the young man's fine, and securing his release, but Rabbi Warsaw demurred to this. He argued that if the boy was guilty and deserved punishment that his fine should not be paid; that if he was not guilty but had been the victim of circumstances, that he should have help to prove his innocence.

A committee consisting of Rabbi Warsaw, Charles L. Sanger and D. E. Hirschfeld was appointed to look into it. They believe there is merit in the boy; they have heard from his employers that he has their confidence and that his job awaits him; they learned also that the stealing of the ice had been going on for some time before the boy was arrested and that the boy had been at work but two or three days when the charge was made against him. They have decided, therefore, to fight the case. The formal motion for a new trial was made and denied; notice of appeal was given, and bond is to be made for the boy, and his appeal backed up by men who want to see him get justice, and be exonerated if he is not guilty.

And after this Rabbi Warsaw proposes to deliver a lecture on the subject. He will have much to say on just such cases, and he hopes to arouse public opinion in them.

NINETEENTH DISTRICT COURT.

Hon. Marshall Urrat, Judge.
R. V. McClain, Clerk.

Taking testimony in the case of Roman Realty company against Mrs. Dora Eyerly continued. Case goes over to tomorrow.

FIFTY FOURTH DISTRICT COURT.

Hon. Richard L. Munroe, Judge.
R. V. McClain, Clerk.

Grand jury continues in session.

COUNTY COURT.

Hon. Tom McCullough, Judge.
C. T. Wallace, Clerk.

John Thurman, a negro, charged assault, fined \$5 and costs.

Am Brown, charged with aggravated assault and battery. Pleads guilty to simple assault. Fined \$5 and costs.

Harry Schneider, charged with theft of 5 cents worth of ice. New trial denied. Appeals to criminal court of appeals.

Jim Scott, pleads guilty to carrying pistol. Sentenced to sixty days in jail.

Marriage Licenses.

A. E. Ruhman and Elizabeth F. Gribble.
Richard Ritchie and Miss Cartha Griffin.

Automobile Licenses.

G. D. Dautrey, of Waco, an Overland, four cylinder, 30 horsepower.
Tom Allen, of Eddy, a Studebaker, four cylinder and 20 horsepower.
W. C. Richter, of Waco, a Ford, four cylinder and 30 horsepower.

BOB TAYLOR'S WORKS

ARE BEING PUBLISHED.

The largest publishing contract for books ever made by a Southern Publishing house, was let to the Cumberland Press Publishing Co., of Nashville, Tenn., by the Bob Taylor Book company, of which company G. B. Reynolds of Waco is a member.

The contract let calls for the printing of two hundred fifty thousand copies of biographies and lectures in two volumes, of the late Bob Taylor. The books, which are neatly bound and beautifully printed will be delivered and put on the market about October 20.

Mr. Reynolds of this city, who is now in Nashville and who closed the order, is a personal friend of Bob Taylor and his family. Bob Taylor's brother recently visited Mr. and Mrs. Reynolds and was a pleasant caller at the News office during his brief stay in Waco.

A News Want Ad may bring the opportunity you are looking for.

THE NEW FASHIONS IN MEN'S FURNISHING GOODS AWAIT YOUR INSPECTION

When It Comes to Men's Furnishings Price Cuts But Little
Figure Unless it is Married to Value

The magic of PRICE PLUS VALUE is the secret of the success of our Furnishing Goods Department. Price Range from \$3 to \$15

Store will close Saturday during the day, but will open after 6:30 until usual closing time.

Sanger Brothers

NEED A LOT OF LUMBER

TO BUILD A ROLLER COASTER
FOR COTTON PALACE.

Twelve Carloads and Sixteen Kegs of
Nails Are Purchased for
Starter.

Something like the figure eight, thought not exactly, yet a car traveling a course divided by dips and thrills at the rate of a mile a minute—this is the roller-coaster, a mile in length, for which the Cotton Palace has signed a contract and which will be located on the spot which last year was occupied by the diving horse.

just across the bridge on the War Path.

Secretary S. N. Mayfield yesterday closed the contract with the concern which will probably be the stellar attraction on the War Path throughout the two weeks of the exposition. Work on the construction of the roller coaster will begin today, sixteen kegs of nails having been purchased yesterday afternoon, as a "starter," and twelve car loads of lumber being needed for the work.

Only excavations will be made this week, but the first onset week dozens of expert laborers employed by the concern, will be brought here and they will be able to erect the roller coaster much more speedily than would ordinary carpenters, each man, through long experience, knowing his exact position in the gang. The roller-coaster will be in readiness on the first day of the exposition.

H. Keenan and C. H. Schaefflin.

representing the rollicrecoaster company, were in the city yesterday and will remain here until the work is well under way.

The concern has had its Coasters erected in New York City, Baltimore, Philadelphia, Portland, Ore., Oklahoma City, Dallas and other large cities of the country.

New Bank at Burkburnett.
Burkburnett, Tex., Sept. 17.—Papers have been received from the state department of banking authorizing the organization of a new state bank at Burkburnett, with a capital stock of \$25,000.

Big Wheat Sale at Temple.
Temple, Tex., Sept. 17.—The largest wheat sale ever recorded in Bell county was made a few days ago when C. W. Barr & Son purchased 4,000 bushels from W. A. Grimes. The price paid was \$1 per bushel.

DID YOU SEE IT? SEE WHAT?

The article on page 2 of this issue entitled "Did You See It?" The question is, When buying a car, do you want complicated clutches, universal joints, gears and constant repair bills, or simplicity and efficiency?

HERE'S THE OWNER'S WORD FOR IT:

PRAIRIE HILL TELEPHONE EXCHANGE

R. W. HENDERSON, Proprietor and Manager.
Local and Long Distance Telephone Service.

Prairie Hill, Tex., Sept. 12, 1912.

Mr. F. O. Arnold, Waco, Tex.

Dear Sir:—I have been thinking for some time to write you about the Carter Car, and what it will do. You can count on it every time. I have been running mine a little over three years; have been out a little less than \$5.00 for actual repair; have run it about 37,000 miles; am still using it on telephone work, and it always is ready to go.

As to the friction transmission, there is no discount on that. I pulled the Dr. Pepper man out of a gravel bed in Tehuacana bottom about three weeks ago; he might remember it and tell you something about how friction will pull. I have pulled more cars out of trouble than any man in Limestone county. I am not afraid to hitch it to anything that is a good lead for four miles. I drag telephone poles twenty and thirty feet long as though they were sticks. I will be in town Monday or Tuesday. Yours truly,

R. W. HENDERSON.
I certify that the above statement in regard to pulling me out of a gravel bed in Tehuacana bottom, is true. He pulled me from a soft gravel bed about two feet in depth on the Springfield road, after a pair of mules failed to move me. I was driving for the Dr. Pepper Co. and had a load of twenty-nine hundred pounds. Mr. Henderson fastened his front axle to mine with a heavy chain and in a jiffy we were both high and dry on the solid ground. I will also certify that when it comes to pulling the Carter Car is in the lead.

C. M. HENRY, JR.

F. O. ARNOLD, Agent, 706 Austin Ave.
